bittersweetVon John Netoone of the best stories I read in a long time,well wrote, It's was nice to read a book with hot sex scenes, but also with a good and healthy love, good humor and real life feelings, not some teen/dumped lover angst.Someone may not like how the narrative digresses, but my mind also works this way. And this style of narrative

transmits well how the grieving mind works. One small fact or word bringing so many memories. Mostly made me remember the good times of my childhood and all the crazy funny moments that only a big family can give you. Growing up, I also had a house like Evie's where many adventures took place aside from the "real daily life". Even today I can meet up with my cousins and their kids and remember how it was when our grandparents were alive. I just didn't have the luck to meet with a Dan of mine. yet For all that, I would like to thank the author, for giving me such a wonderful story to emerge myself.

Kurzbeschreibung When Michael Knapp brings his lover Dan Biggs home to meet his parents, he doesn't expect things to go smoothly. His mother's been trying to marry him off for years, and sometimes he isn't even sure his father knows he exists. He has always felt like the shadow son, competing with his terminally stupid older brother and smart-mouthed little sister for his parents' attention. Coming out to them over dinner seemed like the perfect opportunity to finally get noticed. But an unexpected phone call interrupts his announcement -- Aunt Evie, the family matriarch, is dead. With Dan in tow, Michael follows his family to Sugar Creek, where he spent his summers growing up, to prepare for the funeral. Amid an overabundance of memories and relatives, Michael's world begins to slip. His dysfunctional family, Evie's death, and an old friend's confession all threaten to smother him. Worse, in his grief and confusion he seems determined to inadvertently push everyone away, including his lover. Can he and Dan move beyond his family and his past to a new life together, before Michael's insecurities tear them

apart? **Kurzbeschreibung** When Michael Knapp brings his lover Dan Biggs home to meet his parents, he doesn't expect things to go smoothly. His mother's been trying to marry him off for years, and sometimes he isn't even sure his father knows he exists. He has always felt like the shadow son, competing with his terminally stupid older brother and smart-mouthed little sister for his parents' attention. Coming out to them over dinner seemed like the perfect opportunity to finally get noticed. But an unexpected phone call interrupts his announcement -- Aunt Evie, the family matriarch, is dead. With Dan in tow, Michael follows his family to Sugar Creek, where he spent his summers growing up, to prepare for the funeral. Amid an overabundance of memories and relatives, Michael's world begins to slip. His dysfunctional family, Evie's death, and an old friend's confession all threaten to smother him. Worse, in his grief and confusion he seems determined to inadvertently push everyone away, including his lover. Can he and Dan move beyond his family and his past to a new life together, before Michael's insecurities tear them apart?
