Es ist klar hervorsehbar, weil es sich um Alltagsgeschichten handelt, aber sehr witzig und einfach lesbar geschrieben. Es handelt sich um 3 Geschwister in

unterschiedlichen Lebenssituationen. Eine ist seit Jahre verheiratet und hat 2 Teenagers. Eine ist seit Jahre die Liebhaberin einer verheirateten Geschftsmann und die Dritten lebt ein Luxusleben mit Luxuskindern und einem Luxusehemann. Da die eine (Luxus-)Schwester jetzt 40 Jahre alt geworden ist, und die anderen (ein Twinn) es im nchsten Jahr werden, haben sie (der Twinn) entschieden, dass sie in diesem Jahr etwas ndern und wenigstens ihre Trume verwirklichen. Aber solche Sachen sind im Alltag halt schwer umzusetzen. Also witzig, einfach lesbar, und das Buch wird dich nicht eintuschen.0 von 0 Kunden fanden die folgende Rezension hilfreich. Super readVon AgiFor a long, long time this book was a very strong 3 stars for me. Why? Well, it was just too long. Too many "I'd like" and "What if's". Too much talking, too less action. But the last few chapters were actually not so bad and I thought, well, I really liked it:)What I really like in Carole Matthews's book is that they are about people like we are. People who are normal, have the same problems, the same feelings and they are living down to earth, not only hoping that something would change, or that they can somehow pay their credit card, or that their children will stop being so spoiled, etc, no, they are like we are and they are finally taking their lives in their hands. And so often the books remind me on me, my family, and they show me that I am getting wrong at some point or the other. Here, reading this, I have learnt again - although I know this very well - that you must speak with your family, husband, children, and that you must fight for yourself.And although Greg was soooo playing on my nerves with his fishing, I understand that one must have a hobby:) even if it is fishing:) Well, I have my dogs for example :) But I don't want that we have the same problems with my husband, so perhaps I'd better buy the sexy lingerie myself :))) Joking of course. Annie and Lauren were super duo, there was maybe a little too few about the third sister Chloe and her plot didn't suit to this book so much. Greg, as already told, was a little too boring with his fishing but finally found his second nature - better late than never :)

KurzbeschreibungWhen twins Annie and Lauren attend their older sister Chelsea's fortieth birthday party at the Dorchester Hotel, they wonder why their lives are so different. Chelsea's husband is twirling her round the dance floor, while Annie's husband has gone fishing and Lauren's lover is at home with his wife and children. Annie and Lauren decide it's time to make a change and turn their lives around, it's time they starting living again. But have they left it too late?PressestimmenWitty, funny and incredibly touching (Heat)It makes you laugh one minute and cry the next (Prima)They get better every time (Observer)Think Marian Keyes with a splash of Jane Green (Vito magazine)WerbetextEver felt that it's time to turn your life around?
