**Von V.C. Andrews : Jade (Wildflowers Book 3) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Jade (Wildflowers Book 3) (English Edition):

first glance, I didn't expect to get much from her story, but I quickly learned otherwise. Jade's parents are getting a divorce, but being the competitive business people that they are, neither of them are willing to give in to the other on any matter. They both remain in the house because neither of them want to lose it. Not because of any attachment, but because of their desire to "one up" the other. Their heated battles at home and in court are slowly tearing Jade apart. Now she has become a pawn in their divorce. Not because of their great love for her, but because she is another asset to battle over. Unable to take anymore, Jade makes a nearly fatal decision. Every book in this series of four girls brought together in group therapy to tell their stories has really captured my attention. I can't wait to read the next one. 0 von 0 Kunden fanden die folgende Rezension hilfreich. The Wildflowers series just keeps getting better! Von goldengopher929 Jade is the third in the Wildflowers series and she like the other girls has her share of problems, though you wouldn't think it to look at her. Her parents are in a huge custody battle over her, but it's not because they care about her, they just don't want the other to have Jade since she is like their "trophy." She has lots of money but learns that it doesn't guarantee happiness. The one thing that she wants, loving parents, can't be bought. It gets to the point where Jade runs away from home and no one realizes it. There are some huge surprises in this book, and it makes you realize as Star says at one point, "You can't judge a book by its cover." Fans of VC Andrews should definitely read this book. I enjoy the new approach this book took towards things that are really happening in current events. Now I can't wait for Cat to be released! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Don't waste your money! Von Ein Kunde You thought the "Orphans" miniseries was bad? You ain't seen nothing yet. "Misty", "Star" and now "Jade" have nothing in common with our beloved VC Andrews stories about dark family secrets waiting to be unveiled while a poor and rejected heroine beats the odds and grows into a beautiful woman. It is merely the tale of 4 girls from broken homes that meet in a psychologist's office to tell their yawn-inducing personal stories. The non-existent plot reads like an article in "Reader's Digest" and even VC Andrews' usual, never-ending metaphors seem overbearing and are an unsuccessful attempt to make the story worth reading. If, like me, you are a faithful VC Andrews fan, spare yourself the disappointment and don't waste your money on this one...you're better off digging out the older Andrews novels and reading them again instead.

Kurzbeschreibung Jade had listened to Misty and Star tell their stories. Now it is her time to speak. But she can't. For while the others in Dr. Marlowe's therapy group had exposed their hidden pains and secret pasts, they are nothing like Jade. They don't know what it is like to be a pawn in a courtroom battle too hateful to ever forgive. Or that escaping the madness had lured Jade into an ordeal too traumatic to forget....
