recommended to me by a friend who is a big fan of Amy's writing and fortunately the book it turned out to be a great helping of the still popular genre of paranormal romance. Written with descriptive prose and steamy passion the story centres around a female werewolf called Jade, who seems to become a pawn in the game of the macho Alpha's around her, who all are trying to become king oh the hill. While she experiences the worst of masculinity she fortunately also gets to experience the best, in shape of her hot rescuer Titus, also an Alpha. I am not a big fan of romance books but I can assure you they are well written with a lot of strong chemistry going on. I loved the book for its passion, the great characters and fast paced action. Jade is a believable and likeable character with her torn sentiments. This is an engaging read, pleasant and easy to follow. It probably helps to have read previous books in this imaginative and well written series but enough is explained in this book to enjoy Jaded Blood for its own sake. For all the fans of shape-shifters, vampires, werewolves, were-jaguars and fallen angels, go and try this series. It is worth it

Kurzbeschreibung Being a werewolf, Jade has always been under the impression that all Alpha males are nothing more than self-centered, murdering macho-bullies that use pack members as nothing more than stepping stones to become king of the hill. She should know. Her brother, her fianc, and her kidnapper were all Alphas of the worst kind. Having all the proof she needed that Alphas are bad news, Jade vowed to never trust a werewolf of any kind much less fall for one. She struggles to keep that vow when she is rescued by a blond haired blue eyed Alpha with the body of a Greek God. No matter how hard she fights, Jade fears this is one Alpha that she will lose to.
