KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Sweet and furryVon RomanaJay has had a rough childhood after his mother died. Left alone with his abusive stepfather he tried to distance himself from everyone, feeling worthless and insecure about his sexuality.One night on Halloween during full moon he once again becomes the victim of brutal rage. Only this time beautiful wild creatures come to his

rescue and lead him out of the forest and into a world, he never consciously noticed before even though it had always been there. It is a sweet short story of love stronger than everything else to be overcome and strong stubborn cuddling wild cats. A read to enjoy that won't keep one occupied for long.

Kurzbeschreibung Still living with the memories of his mother's death and subjected to the violent abuse from his stepdad, Jay almost loses his mind when he's attacked by his childhood bully who turns into a bear. One identical to the grizzly bear that killed his mother years ago. The last thing he needs is to find out that Pack Valley is much weirder than it seems and that his first love Kyle and his family have a tendency to purr. Everything crashes together one night from bullies and abusers getting what they deserve to a black jaguar protecting and claiming his mate. Can Jay deal with being claimed by his best friend or will fear of rejection stop him taking a chance?
