Erschaffer des "unsterblichen" Bernie Gunther, Autor des Isaac Newton Thrillers, eines komplexen ScFi Romans und nun, scheinbar ganz leicht nebenei geschrieben, dieses Buch. Es ist etwas komplett anderes herausgekommen, aber sehr leicht zugnglich und offenbar mit haufenweise Freude

am Detail ber Fuball und deren schillernde Charakte geschrieben: u.a. Trainer Zarco (Mourhino?), einem ex-Star-nun-Problembr (Gascoigne), einem ukrainischen Mzen (Abramawotisch?) und dem Hauptcharakter Scott Manson (?). Die Geschichte wird zum Thriller, denn es geschieht ein Mord und Manson will es wissen und wird es herausfinden. Klingt banal, ist aber tatschlich sehr unterhaltsam, mit knackigen Dialogen und die Spannung wird langsam, aber sicher hochgekocht. Kerr kann Figuren so lebhaft "schnitzen", es ist mir eine ehrliche Freude diese beeindruckende Vielseitigkeit an einem Autor beobachten zu drfen. Kerr ist ein Markenzeichen allerhchster Gte!!3 von 3 Kunden fanden die folgende Rezension hilfreich. Well done with a completely new feel to it Von Kunde A great read. Fascinating how someone could re-ivent himself as a writer after so many years. The man who created and re-created Bernie feels now like a great newcomer novelist of maybe 30. Not altogether - what is new is football as a background for a mystery. What is not new at all is the use of sports - Dick Francis has done it extensively with horse racing. So successful, that his son keeps writing in his footpaths. But if you look closer at this new Philip Kerr series you can see that the two have a lot in common. Dick Francis has always used riders or trainers as detectives, often critical of police procedure. And some of his riders did excel academically or at least were very clever. So introduce Scott Manson - former premier league football player, academic and hurt by a bad run-in with the police. And so if you know your Dick Francis you can easily detect a lot of other common traits - Scott Manson most closely resembles Kit Fielding, and the both loving and critical view on the sport is similar too. I don't think Philip Kerr has built his story too consciously on Dick Francis - you can probably not evade his shadow. At least he has done well, the story runs smoothly and is well constructed (as you would expect from Philip Kerr). There are difference too, the villain is not really bad and Scott Manson does not get hurt physically. So let's wait for the follow up. The series is by far not yet as compelling as the Bernie Gunther series, it's more fun and less sombre. Probably Philip Kerr is just widening his audience - as he has done before with other series
