Big Black WolfVon Ingrid Stephanie Jordan5 Stars Title: JAXSONThe Avery Wolves Book 1Author: J.K. SnowReviewer: Stephanie Jordan#Paranormal #WolfShifters #RomanceOMG! This is going to be a phenomenal series. There everything you want in this book Adventure, Friendship, A Fresh Start, Abuse, Fear, Jealousy, Hatred,

Murder, Romance and some really Hot Steamy Sex. Than of course we have the Sexy Book Boyfriend whose an enormous Black Wolf. Ms. Snow didn't let me down she had me from the beginning, never once losing me. Her uplifting words and the bold characters keep me interested the whole time, I just had to stay up to read it all. I recommend this book, Yes it's a Must Read. You won't be disappointed, I wasn't. Shay Dawson had to move, start over, it was time though it was a hard decision to make, Shay knew it was the right decision. Yep, she sold all her furniture and packed only memories in a u-haul. Jumping into the cab, Shay and her best friend Dee, left Riverside for Greyson Falls. Jaxson Avery hated everybody, all he wanted was to be left alone. He refused to acknowledge his own father and eight brothers. He was dead inside all that was there was pain and hatred. No one escaped his wrath. Yes he was a nasty individual. Having two packs in Greyson Falls was unusual especially being that the packs were related yet hated each other. The Hanover's and the Avery were cousins. I was gifted this ARC for an honest and truthful review.

Kurzbeschreibung She had to pack up and move; leaving all the ghosts behind. What she didn't expect; to meet the town's gorgeous damaged asshole. Her best friend warned her, told her to stay away, but she couldn't. One look into those damaged and empty eyes, she knew she saw her own reflection. She was determine to peel away his layers. Even though he scared the shit out of her, she knew their was a real man hidden somewhere beneath that gorgeous stack of muscle and hair. She will take a chance with Jaxson, breaking his walls down. After all, a person with nothing has nothing left to lose. This is book 1 in the Avery Wolves Series and is a stand alone with HEA.
