Von Lily Silver : Jessie's Hero (Malibu Moonlight Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Jessie's Hero (Malibu Moonlight Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Not what you expectVon PipidenfreundI got this book as a freebie, and i'm glad i read it.I'm often downloading a book on my kindle, forget about it and much later, i pick it because of the author or its title, its description long forgotten.So, i

thought it was a nice chick lit to read during my exams, and so it starts, too. But that's not the end of it. Jessie, a newcomer rockchick singing with her twin brother Jack in a band called "Heartless", and living together with her bandmembes/substitute-family gets a date with famous singer/rock star Lex, who is living next door. She had adored him since being a teenager, and he watches her walking her dog every day. From the start, there is a strong connection between them. Soon, he proposes marriage, but jessie is reluctant to say yes. Issues in her past, especially her family, preventing her from trusting lex. Some of these issues are related to Jessies and Lex past life. dealing with parental psychic abuse and mental disorders, the book gets way to realistic for me to like it- usually. But even there are some minor lenghts in this book (during its middle, when the lovestory between them gets problematic), getting deeper insights of jessies past life, the relationship problems with lex, and the connection between both of their present and past lifes and problems were well written and interesting enough to keep me hooked till the end. I liked both jessie and lex and some of the better characterized persons, too. So if you are ok with some meddling between the genres and an unusual lovestory, buy it.

KurzbeschreibungMalibu Moonlight: Is it fate or media hype? Successful rock guitarist Jessica Kelly has been running away from life since she left home at the age of sixteen. She rents a Malibu beach house for the summer and is coaxed into a blind date with the reclusive rock star next door. Its a dream come true. Any woman would be thrilled to meet her high school crooner crush for a quiet dinner datesans the paparazzi escort! When the legendary Lex claims they were lovers in a past life, Jessies fantasy date becomes a little dark. His media stunt at a gala event makes her wonder if his pursuit is fueled by a desire to bolster his career instead of reclaiming his lost love. As her childhood tormentor threatens Jessie anew, her battered soul longs for a safe harbor and a real life hero worthy of her trust. The last thing she needs is a media junkie determined to link his name with hers in the tabloids as her band soars to the top of the charts. But Lex enchants Jessie with his determination to win her heart, despite her uncertainty regarding his quirky reincarnation claims. Is he telling the truth? Are they long lost lovers separated by tragedy centuries ago? Or is Lex just another eccentric celebrity moonstruck in Malibu?KurzbeschreibungMalibu Moonlight: Is it fate or media hype?
