Von Jay Crownover : Jet (The Marked Men Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Jet (The Marked Men Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Jet rules... Von LittleDarlingJay Crownover created with Jet a God of rockn'roll and for damn sure, I am a believer.Having read and loved the previous book in the Marked Men series called Rule I was excited to get my hand on the book that would revolve around Jet and Ayden. I had high expectations for Jay and sure as hell she did not disappoint.Jet is beyond any doubt a swoon-worthy male book character. I mean damn, what is there not to like: He is a singer in a

heavy metal band, is covered in tattoos, wears pants that leave nothing to imagination, is pierced in places that will make you blush and is full of fire, passion and anger. He is so hot he will make you rawr. At the same time he is sweet, thoughtful and loves with all his heart and soul. He wants to protect the people he cares about and this regardless of the consequences this might bring for him. Ayden is such a wonderful counterpart to him. Controlled, ambitious, a good girl next door. But she wasn't always like that and the parts of her that she tries to suppress want to break free and make her run into Jet's arms. She has a troubled past and demons that haunt her and make her unsure what her next step should be. She tries so hard to be better. But what is really better? Her character has many layers that add to the depth of Ayden's personality. She is smart, she is loyal, loving and caring and she has the looks of a model. She is a female character you can't help but like. She isn't whiney, she isn't weak and she damn sure isn't a bubblehead. The chemistry that Jay Crownover created between Jet and Ayden will make you laugh with them, love with them and suffer with them. There is a realism to their relationship that helps the reader connect to their feelings for each other. It's not a fairytale. Sometimes it is ugly and painful. But this makes the good parts even better. The sexual tension between them made the room around me sizzle. And the sex scenes are so steamy and hot, that a cold shower might be a good idea while reading the book. Following the course of their relationship, trying to see what will happen with them is nerve-racking, but so rewarding at the same time. The other characters that have already made appearances in Rule gain even more depth in this book. Each personality is unique and original, while remaining realistic and believable. This group of friends is downright lovable and I was thinking multiple times during the read that I would love to be friends with them and be part of their group. They are a tight-knit unit that has each other's back, accepts each other with all the quirks and faults and looks out for each other. I absolutely adore every single one of those characters. Jay shows real talent in how she manages to get the reader interested in multiple side characters, give them depth, show their personality and she does all of this without taking the focus off of Ayden and Jet. The characters become like a drug. I want to read more about them. I want to learn their secrets and immerse myself in their world. Jay's writing style is witty and funny. It is eloquent and has a bite to it. The storyline has so many twists and turns, I think at some point I was in danger of whiplash. But it sure as hell was an incredible ride. She knows what she is talking about and does not have to resort to stereotypes and half-cooked knowledge. She captured my interest and held on to it tightly throughout the book. She made me laugh out loud, she made me cry, she made me swoon. And as an extra bonus there was wisdom in her book that can be incorporated into everyday life, into everyday relationships. At the end of the book, you will have gone through hell and back. Been picked apart and put back together. You will look in a whole different way at sweater vests and you will be irrevocably in love with the Marked Men. Note: You don't have to read Rule to read and enjoy Jet but I would highly recommend not missing out on it. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Genauso schnell wie der erste Teil Von Tamara Bogic Nachdem ich Rule gelesen hatte, konnte ich kaum abwarten bis Jet endlich erscheint. Auch hier wird die Liebesgeschichte wieder aus beiden Perspektiven erzählt, was ich wirklich schnell finde. Beide Charaktere hatten auch ohne den anderen schon ihr Päckchen zu tragen - wie wir ja irgendwie alle. Ayden fand ich manchmal ein bisschen anstrengend und ich habe mich immer gefragt wieso sie Jet nicht auch einfach alles anvertrauen konnte nachdem sie ja auch seine Probleme kannte. Aber das wäre wohl dann auch zu einfach gewesen. Ich liebe die beiden jedenfalls und fand es auch schnell die anderen Charaktere "wiederzusehen". Jetzt warte ich sehnsüchtig auf Romes Geschichte. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Marked Men machen schtig! Von R. Klamann-Duer Auch der zweite Band der Marked Men lohnt sich! Rule ist und bleibt mein Liebling, aber auch Jet und Rome können sich sehen lassen!

Kurzbeschreibung The second book in the Marked Men series from Jay Crownover - a sizzling story of love, lust and longing With his tight leather jeans and a sharp edge that makes him dangerous, Jet Keller is every girl's rock and roll fantasy. But Ayden Cross is done walking on the wild side with bad boys. She doesn't want to give in to the heat she sees in Jet's dark, haunted eyes, but even his touch sets her on fire. Jet can't resist the Southern Belle with mile-long legs in cowboy boots who defies his every expectation. Yet the closer he feels to Ayden, the less he seems to know her. While he's tempted to get under her skin and undo her in every way, he knows first hand what happens to two people with very different ideas about relationships. Will the blaze burn into an enduring love or will it consume their dreams and turn them to ashes? **Pressestimmen** Praise for Jay Crownover: 'A wildly addicting read!' Cora Carmack, New York Times bestselling author of Losing It 'Deliciously real, raw, and romantic. Jay Crownover is amazing!' Monica Murphy, New York Times bestselling author 'The characters of Crownover's Marked Men series are all outlandishly colorful and irresistibly passionate, while still being so genuine that their stories become unforgettable' **RT BOOK REVIEWS** **Kurzbeschreibung** The second book in the Marked Men series from Jay Crownover - a sizzling story of love, lust and longing With his tight leather jeans and a sharp edge that makes him dangerous, Jet Keller is every girl's rock and roll fantasy.
