Von Nora Roberts : Jewels of the Sun (The Gallaghers of Ardmore, Book 1) before purchasing it in order to gage whether or not it would be worth my time, and all praised Jewels of the Sun (The Gallaghers of Ardmore, Book 1):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Not her best, but still enjoyable...Von Juls V.Nora Roberts takes the reader back to the glorious setting of Ireland. The dialogue is earthier than in her previous works, but the warmth of her characters still shine through. Unfortunately, Jude seems

to be virtually identical in personality to the insecure Rowan of *Enchanted*. Also, her external manner seems recycled from Dr. Griffin in *Inner Harbor*. Still, I look forward to reading more about Darcy and Shawn in the rest of the series. 2 von 2 Kunden fanden die folgende Rezension hilfreich. *Perfection*. Von Kikyo C. Nora Roberts has written more than the typical romance novel; she has woven a love story that reminds you of all the sweetness of falling in love. An astonishing storyteller, Roberts is equally capable of rendering a captivating plot as she is of painting a village so peaceful and charming it makes you want to sell your house and move to Ireland. Having spent time living in Ireland, I have to say that Roberts's depiction of the people and the place are nothing short of amazing. The way that she recreates the feeling of the land, of the people that inhabit it, made me love the story for its ability to take me back there as much as for the story itself. One might scoff at her liberal use of spirits and fairies, but if you have ever been to Ireland, you know that the place radiates a feeling that makes anything seem possible. There is a quality unique to the lush green landscape that makes believing much more logical and natural than disbelieving, and Roberts has captured that perfectly. Likewise, the Irish are very much as she describes in her book: kind to strangers, amiable and full of laughter, witty and clever to distraction. The dialogue in the book just rolls off the pages with an Irish lilt, and to read her characters's words was like finding myself back on the jeweled isle once more. Although you may not find an Aidan or have a wild love affair if you should go visit Ireland, rest assured that the people and the place are exactly as Roberts tells it. Nora Roberts is a wonderful storyteller and I loved the story as much as I loved her choice of settings. Jude is a very real character with so many doubts and hesitations that are in each of us, and I was startled more than once by Roberts's ability to hit it right on the nail. Jude's character develops very nicely and believably, and I was pleased that love is not used as a convenient device to solve all problems. Jude and Aidan come together (of course), but not without Jude first coming to the truth of who she is as an individual. Aidan is a wonderful character, and his words made me laugh as often as they made my heart melt away. The other characters in the book are equally intriguing and interesting in their own right, and I loved how Roberts incorporated the Irish folktales into the story. This is a blissfully sweet love story, a fairytale to read and treasure. 0 von 0 Kunden fanden die folgende Rezension hilfreich. *Jewels of the Sun* is a real jewel! Von Kindle Customer Jewels of the sun is about a young woman who needs to find her self so she goes to Ireland to a cottage owned by a cousin who resently died. In finding her self she finds love and meets a ghost and the ghosts love (a fairy Prince) Carrick. Nora Roberts is a fantastic author and she really struck a cord in me. Ireland comes alive in this book, and you can really feel the accents and the tone of the people. It's a book you can definitely read twice and not get bored.

Kurzbeschreibung *Book One of the Gallaghers of Ardmore Trilogy* In Gallaghers Pub, where the fire is burning low and the pints are waiting, #1 New York Times bestselling author Nora Roberts has a story to tell... Determined to reevaluate her life, Jude Murray flees America to take refuge in Faerie Hill Cottage, immersing herself in the study of Irish folklore and discovering hope for the future of the magical past. Finally back home in Ireland after years of traveling, Aidan Gallagher possesses an uncommon understanding of his countrys haunting myths. Although hes devoted to managing the family pub, a hint of wildness still glints in his eyes and in Jude, he sees a woman who can both soothe his heart and stir his blood. And he begins to share the legends of the land with her while they create a passionate history of their own. Don't miss the other books in the Gallaghers of Ardmore Trilogy *Tears of the Moon* *Heart of the Sea* From the Trade Paperback edition.. de In the small village of Ardmore, Ireland, Gallagher's pub is the center of the lively seaside community and the home of three passionate siblings: Aidan, Shawn, and Darcy. As a world traveler and a barkeep, the eldest brother Aidan has just about seen and heard it all, but when a quiet professor from Chicago enters his tavern, he is instantly intrigued--and certain that there is more to Jude Murray than what meets the eye. Jude has returned to her grandmother's ancestral home to sort out her thoughts, know her heart, and "find Jude F. Murray in six months or less." After a life of deliberate security, Jude finds herself recovering from a failed marriage and a disappointing career. With the pretense of a research expedition, Jude leaves her life in Chicago and moves into the charming house on top of the faerie hill. Surrounded by the awesome scenery and relieved by the simplicity of life, Jude excuses her visions of ghosts and faeries as signs of her mental recovery. But the inhabitants of Ardmore, and Aidan Gallagher in particular, don't dismiss these apparitions with such convenient logic, and Jude learns to listen more carefully to the messages in the world. As Aidan and Jude draw closer to each other, Jude struggles to discover, balance, and define the complex parts of her soul. In the character of Jude Murray, Nora Roberts has created a sophisticated woman whose internal development from skittish recluse to confident lover is realistic and convincing. Carefully avoiding the "good man is a solution to all problems" plot, Roberts lets Jude and Aidan interact and develop individually, as well as together as a couple. While this modern tone is refreshing, it feels a bit at odds with the supernatural, faerie themes. As this is the first in a series about the Gallagher siblings and the faerie legend, perhaps these thematic contradictions will sort themselves out in the subsequent novels. --Nancy R.E.
