STAR READ. It has all the feels and many sexy moments with the panty melting Levi Von Kasey Cree The Author Emma James, writes in a way that consumes your mind. Draws you into the characters. Makes you feel the love, heart ache, the pain and the Joy. This book had me laughing out loud. Cry in sadness and in happiness. Laughing out loud at the way these Men of Ocean Beach operate and how the women pull together to help each other through the hard and soft moments. Joy is a truly gorgeous character that will have you smiling away at how she wraps the men around her little finger. Levi is just scrumptious like all of the men. You need to read his story and you will see how quickly he becomes a BBF. The scenes are written ways that are Real Life. What people would really say, do and feel. I can't give this author enough compliments. Emma James should be a Best Seller all over the world. Not just in my heart.
