Von Haleigh Lovell : Julian's List (The List Book 3) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Julian's List (The List Book 3) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 1 Kunden fanden die folgende Rezension hilfreich. Ich liebe Lovells Bcher und dieses Buch ist keine Ausnahme!Von Kindle-KundeRead in April, 2015review I read Haleigh's "Liam's List" and "Vivian's List" nearly a year ago and loved both books. They are great! So I felt very honored when Haleigh sent me an ARC of her newest book "Julian's Pursuit". I read it immediately and couldn't put it away. Haleigh

wrote once again a great book! It meets all my criteria for a five-star-rating: I connected with the story, felt the character's emotions, laughed, teared up and cried and I want to read more! It ends at a perfect time but way too soon!" Julian's Pursuit" is the story of Vivian's brother and Liam's best friend. Julian starts a new job at an advertising firm and meets Sadie during his job interview. She is his direct superior and I really appreciate the different role allocation. Most of the time I read books about a male CEO and billionaire who hires the female character for a lesser position in his firm. The setting of Haleigh's book is far more realistic. They are no billionaires. It's the story of two regular people. It is written in their first-person narratives. In my opinion it is the best choice for contemporary romance novels. Third-person narratives are more difficult to connect with. The structure of the story is very smart. The book starts with Julian's POV and the reader gets an outside view on Sadie's reputation and standing in the firm. For me it got very emotional when I learnt more about Sadie in her perspective. I connected immediately with her and felt her struggles. Haleigh describes very detailed and vivid the struggle of a successful female in a male dominated workplace, how hard it is for women to balance their careers with their private lives and how difficult it is to overcome previous disappointments and heartbreaks. The story lets the reader relate with the story and their characters. Like I said, I felt every emotion Julian and Sadie had to go through. Once again I'm really impressed with Haleigh's handling of a serious topic and the evolvement of her character's personalities. Sadie is a great role model for women and Julian is a man every woman should dream about. He isn't like the usual alpha male I read in other books. He is self-confident, but in a good way, not an arrogant way. He knows what he wants and pursues his goals, but he observes Sadie's limits and doesn't force her to do what's in his opinion good for her; especially because Sadie isn't a woman who can be forced. She is strong and knows what she wants and doesn't want. Like I said at the beginning of my review, the story ends at a perfect time but way too soon. I want to read more about them and can't wait to read more of Haleigh's stories!

Kurzbeschreibung From the NEW YORK TIMES and USA TODAY bestselling author, Haleigh Lovell. A Contemporary Romance packed with Heat and Heart. The only thing Julian looks for in a woman is that she's Sadie R. Frost. The R in her middle initial stands for Rose. And like a rose, Sadie is beautiful but prickly with thorns, and any attempt to touch her would draw a drop of blood. She's an Ice Queen. Cold and reserved, masking her emotions behind a wall of ice. This only makes Julian want her more. Will he succeed in melting the ice around her heart? Kurzbeschreibung From the NEW YORK TIMES and USA TODAY bestselling author, Haleigh Lovell.
