Von Todd Young : Jumbo (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Jumbo (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Todd Young polarizes people! You will love it or hate it-nothing in between!Von LenaRibkaI've just quickly skipped through some reviews - I normally face the other reviews after I've finished my own - and most of them started with "I don't really know how to rate this book..."That's not my problem.I pretty well know that I enjoyed it and it was as

always - nothing to compare with, a typically refreshing way of telling and an extraordinary writing of Todd Young. And I'm pretty sure that this book exactly as all his other books divides the readers into two camps: those who like the writing and the books of Todd Young and those who don't. He polarizes people. He provokes them. Mitchell, Jumbo, the main character is 18 years old, very attractive but naive, over-testosteroned but under-endowed (it's where came this nickname from, as an opposite to jumbo), the best swimmer in his swimmer team (well, it is where he became his insulting nickname) but outsider, he doesn't have a lot of friends - only one, Luke - and Mitchell is gay, but he hides it. Yet. If you add the complicated family's situation at his home and some traumatic experiences he made, you can ALMOST get the whole picture. It is not a typical mm-romance, it is a good written heart-warming story about THE FIRST TIME. And don't get me wrong - it is a gay EROTICA (have I mentioned already that it was HOT?!) with full hardness, told from the perspective of a 18 years old guy. Don't read it if you want solely a sweet YA book, but if you want to try something DIFFERENT, extremely GOOD WRITTEN, smoking HOT, excellently portraying REAL CHARACTERS, you have to read it! And the ending is PERFECT! Todd Young wants his stories to be genuinely engaging. And I can assure you - THEY ARE! HIGHLY RECOMMENDED!!!

Kurzbeschreibung Mitchell has a problem. He's a little too small where it counts. The guys on the swim team have started calling him Jumbo a cruel joke and meanwhile he's in love with his best friend, Luke. But when Mitchell starts receiving love letters in his locker, can they really be from Luke? Or are they from someone big enough to love him just the way he is?
