**Von Mia Downing : Just Ask (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Just Ask (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. nett geschriebenVon Isabella NortonEs war mein erstes Buch, dass ich ber eine homosexuelle Beziehung gelesen habe. Aber nicht desto trotz ist es eine sehr gute Geschichte. Die Charaktere waren glaubwrdig und die Beschreibung der

Insel weckt den Wunsch dort Urlaub machen zu wollen

**Kurzbeschreibung** When business mogul Jordan Hill inherits half of Bendura Island Resort, a posh vacation destination in the Fiji Islands, the will demands he release his half uncle's ashes somewhere on the island and that he indulge in a real vacation before he sells. As Jordan is reeling with grief and under good circumstances doesn't do vacations, especially if they include horses and looming volcanoes, he finds himself on uneven footing. The footing turns treacherous as Jordan realizes, for the first time in his life, he's attracted to a man--his new business partner. For resort entrepreneur Ryan McCale, Bendura Island is a dream come true as well as his livelihood. He was warned Jordan would try to sell sight unseen, and after meeting him, there's no doubt the business shark has dollar signs in his eyes. But there's also vulnerability and desire in that chocolate gaze. Suddenly, Ryan's looking forward to showing Jordan the delights of the island and hoping to convince his new partner Bendura could be his dream, too.
