Von Cathy Kelly : Just Between Us before purchasing it in order to gage whether or not it would be worth my time, and all praised Just Between Us:

KundenrezensionenHilfreichste Kundenrezensionen2 von 3 Kunden fanden die folgende Rezension hilfreich.
Wonderfull bookVon Ein KundeThis is a story about four very different women from the same family. Each story is told on its own but as they are about a mother and her three daughters they have a lot to do with each other.What I liked about the story was that each story was told on its own and you didn't get to hear all different sides to an event.

so even when two sisters did something together you would only read it from the view of one sister and not from both which made it more interesting without repetition. It is a story about normal people that lead normal lives and have normal feelings. also they don't change completely or get rescued by a man during the story. they just get on with life and you can read what they think and how they realise how they live. It was a lovely read in the style of Cathy Kelly and I can only recommend it, if you like a cosy warm story that feels real. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Ufff... Von iz... was für ein langweiliges Buch. Ich lege selten ein Buch weg, aber bei diesem habe ich nicht einmal 1/4 geschafft. Definitiv keine Kaufempfehlung! Boring.

Kurzbeschreibung Another bestseller full of Cathy Kelly's trademark warmth, romance, optimism and wit. Friends this good are hard to find. What's the secret of the fabulous Miller girls? Everyone says that they lead charmed lives: successful lawyer and single mother Stella; TV writer Tara, and dreamy, artistic Holly. Their elegant mother Rose is about to celebrate her fortieth wedding anniversary to husband Hugh, and the Irish town on Kinvarra is looking forward to the celebrations. But as plans are made for the party, the three sisters and their mother start to reveal each of their secret heartaches to one another. Are they strong enough to deal with the truth about their golden lives? On the surface, Rose Miller, the heroine of Cathy Kelly's *Just Between Us*, has a golden life: she's just about to celebrate her 40th wedding anniversary with her lovely husband Hugh, her three daughters are all wonderful and her home in the small Irish town of Kinvara is gorgeous. So far it sounds like a feature in a glossy magazine, where everyone is happy and smiling and the only foreseeable problems ahead involve estimating the exact quantity of canaps for the party guests at Rose's ruby wedding bash. But Cathy Kelly doesn't deal in slick clichés. Her characters, despite their glamorous exteriors, face real emotional dilemmas and heartaches. As Rose says: "It was one thing to look as if your life was perfect, it was another thing for it to be so. Looks could be deceptive." Cathy Kelly, with great warmth and compassion, begins to reveal the not-so-gilded truth about the four Miller women. Rose is questioning her marriage; her youngest daughter Holly is lacking in self-confidence and stuck in a boring job that stifles her creativity; single parent Stella is a brilliant lawyer and mum, but romance seems to be by-passing her; and Tara has a glowing television career, but her home life is turning out to be far from rosy--her husband seems to be drinking to excess. Over the course of some 500 chatty pages Cathy Kelly reveals the women's secret doubts. Their problems are distressing, but the novel still has that feel-good factor; the author mixes humour with realism and the result is this compelling sixth novel from the bestselling Irish author. --Eithne Farry.co.uk
