Von John Katzenbach : Just Cause before purchasing it in order to gage whether or not it would be worth my time, and all praised Just Cause:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Very Good, Could be Shorter.Von Andrea SonnThis is a creative thriller with good twists and turns in plot. The author is obviously good at characterization, but seems shy about pursuing it, instead worrying too much about storyline. The book would go from 3 to 5 stars if only the best plot elements were retained, and character development were emphasized. And, as always in this genre of mystery/thriller, the ending is wild, unbelievable, confusing, and never

really ties up loose ends. Nevertheless, a good read, if only for one to ponder its potential. 0 von 1 Kunden fanden die folgende Rezension hilfreich. Sehr zu empfehlen! Von Miezkatze Katzenbachs frühes Werk "Just Cause" ist rundum gelungen und mitreißend geschrieben: Der zum Tode verurteilte Schwarze Robert Earl Ferguson wendet sich an einen Journalisten aus Miami, Matthew Cowart, um mit Hilfe der Presse seine ungerechte Verurteilung anzuprangern. In der Tat wird sein Verfahren wieder aufgerollt, und Ferguson verlässt das Gefängnis als freier Mann - doch sein bösartiger Mithftling Blair Sullivan behauptet kurz vor seiner Hinrichtung, dass Ferguson nicht unschuldig ist... Ein wirklich gelungener Katzenbach: Die Handlung ist komplex, berrascht und reißt mit, die Figuren sind dreidimensional, die Atmosphäre der Hinterwälder in Florida kommt berzeugend rber. Und mit dem widerlichen Blair Sullivan ist Katzenbach ein meisterhaftes Porträt eines dmonischen Killers gelungen - eines Hannibal Lecters würdig! Ein fesselnder Roman. 5 Sterne. 1 von 3 Kunden fanden die folgende Rezension hilfreich. A Wonderful book ruined by a LOUSY MOVIE! Von Ein Kunde This is almost a perfect book and the only one written by J.K. without a flaw or any illogical defect. But unfortunately, it was made into a horrible bad, bad movie and it made me sick to death of those Hollywood jerks! This is a very touching and very deep story. If you happen to try to find a very good book for your summer and your mind didn't twisted by that terrible movie yet, choose this one from ! You won't regret. But don't read J.K.'s other books if you found that you are intrigued by this one. As a matter of fact, all of the others were so badly written with so many holes, leaks and so many illogic ways of constructing the plots. J.K. is such a talented writer as Carl Hiaasen (who became trivial laterly) and Michael Connelly (who becomes better and even great gradually), but his creativity of Muse is quite unbalanced. I sincerely hope that he could find some good editors who might candidly and professionally point out those unreasonable and illogic flaws of his books before publishing it

Kurzbeschreibung John Katzenbachs fourth novel, now back in print and with a new preface from the author, is brilliantly suspenseful, filled with the remarkable psychological insight for which Katzenbach has become revered. When burnt-out reporter Matt Cowart receives a letter from a death row inmate pleading his innocence, he is tempted to dismiss it out of hand. Sure, they're all innocent. But as the Miami newspaperman digs into the case of Robert Earl Ferguson, an African American given the death penalty for the brutal slaying of a white girl, he begins to believe that Ferguson is the real victim of hate and prejudice. And if he doesn't act, the wrong man is going to be executed. In the months that follow, Cowart's investigative articles not only set Ferguson free, but make Cowart a celebrity and win him a Pulitzer Prize and set in motion a new chain of unimaginable horror. For there is a monster out there, and he is not through with killing. Chillingly complex, Just Cause is a powerhouse story about confronting our worst fears, in society, and in ourselves.
