Made even better by being free on Kindle Unlimited!I really enjoyed this book, it made me laugh, cry, cringe, growl, grumble and melt. What more can you ask for from a book?I loved both characters, they may not be the norm for their age but this is exactly what makes them so

appealing! Katarina is sweet, thoughtful and whilst she is not a virgin she is very innocent and inexperienced, she knows this and it makes her very wary of men and their intentions! Whilst she looks sweet and innocent, she is determined to stand on her own two feet and wants a career, but not one handed on a plate and you can only respect her for this. Damon challenges Katarina and her beliefs on numerous occasions and each and every time she stands her ground, showing the fire and sparks she keeps hidden until she needs them very refreshing! Damon is not used to people saying no and has never come across a woman not after his money or using him for his social position. He keeps his heart and trust locked up and threw the key away years ago. Katarina brings him to his knees and whilst he fights it, denies it, doubts it he slowly realises that he has only been living a half life, one in the past. He finally realises that if he wants a future he needs to bury the past, and open his heart up to the possibility of love and happiness.....but has he left it too late? Has he destroyed any chance of convincing Katarina she is everything he wants and needs? This is a lovely read, it may not be realistic, but we read to be lost in fantasy and this book is perfect for that! The rest of the series is also available on Kindle Unlimited, I am hoping they are just as good!

Ich lese ansonsten eher Dark und MC Romances und von daher hatte ich einige Momente in diesem Buch wo ich auf den groen "Knall" gewartet hab, der natrlich nicht wirklich kam. Es ist ein netter Contemporary Romance, der keinem weh tut und einfach nette flockige Unterhaltung fr zwischendurch ist. Wer auf dieses Schema: junge Naive trifft superreichen problembelasteten gutaussehenden Megatyp steht, der ist hier hervorragend bedient. Wer allerdings ansonsten eher auf die Bad Ass Typen steht der kommt hier nicht so ganz auf seine Kosten. Aber trotzdem ich fand es eine nette Abwechslung fr zwischendurch und war bestimmt nicht mein letztes Buch aus der Serie.

**Kurzbeschreibung** Just Dessert After his last girlfriend left a bad taste in his mouth for commitment, Damon Noble nixes the idea of a relationship. He simply orders and pays for what he needs. Why ask for the full menu when you can just order dessert? Pure hearted Katarina Cross has a simple life plan; finish school and find a job. Everything is on track until Damon walks onto the scene, the sweetest confection she has ever laid eyes on. As a favor to a friend, Kat agrees to accompany this one man for one night. How hard could it be? All she has to do is smile and look pretty, right? A chance meeting, a book club and a penchant for dessert will change everything for Damon and Katarina. Will Damon heal from his past, and with Katarina by his side?
