**Von Mary Calmes : Just Desserts (Tales of the Curious Cookbook Book 5) (English Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Just Desserts (Tales of the Curious Cookbook Book 5) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Nice fairytale Von Querleser Boone is in love with his best friend Scott - who is of course oblivious to his friend's

feelings. Calmes offers a nice lovestory with her trademark longtime love in secret. I prefer it when the MCs find their love on their own, but this magic dessert is a nice idea. Not fantastic, but for a nice short reading okay.

Kurzbeschreibung  
A Tale of the Curious Cookbook Boone Walton has tried hard to create some distance between himself and his past. He's invested in his new life, his New Orleans art gallery, and his friendship with Scott Wren. Things finally seem to be settling down to normal, and Boone couldnt be happier. Chef Scott Wren wants much more than normal with Boone. He wants to raise things to the next level, but Boone is terrified and not because of the ghost in Scotts apartment or Scotts relatives. No, Boone's past is about to pay him a visit, and the only thing that can get between Boone, Scott, and a hinky recipe for chocolate mousse found in a curious cookbook is the river of pain Boone had to swim across to get to this side of The Big Easy. There's a secret behind the ingredients, though one that might reveal the trust and love that have been missing from Boones life.
