Von Elizabeth Lowell : Just Enough Light to Kill (A Fiddler and Fiora Mystery Book 4) (English Edition)

before purchasing it in order to gage whether or not it would be worth my time, and all praised Just Enough Light to Kill (A Fiddler and Fiora Mystery Book 4) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Fiddler and Fiora are Fun!Von Ein KundeAnyone who likes Ann Maxwell will enjoy these books she has written with her husband Evan. They are interesting, and very well done. I have read the whole series, and have been hoping they would give us another story about these interesting detectives. The stories can be read singly, but it is great if you can

read them in sequence, since references are sometimes made to previous events.

Kurzbeschreibung According to Fiora, my dead Uncle Jake taught me more than I should know about adrenaline, smuggling, and borders. I liked it way too much. That was what drove Fiora and me apart. Lately, though, we had been doing well together. I didn't want to see it end. Neither did she. But yesterday always comes, as Jake used to say when he was stoned. Today, it came with a vengeance. An old friend-enemy who had saved my life had been killed on the wrong side of the border. I could no more ignore that than Fiora could ignore her fey dreams of trouble coming down at me with bullets to spare. This time, I was smart. I wouldn't let Fiora go south of the border with me. But this time, the real trouble was north of the border, and it was Fiora's beautiful neck on the line* * *Named by TIME magazine as one of the best suspense novels of the year. "Plan on reading this one all the way through. You won't be able to stop." -- United Press International
