Von Laura Kaye : Just Gotta Say (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Just Gotta Say (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. 1+3 = a lot of fun and love Von Magritte I have discovered Laura Kaye some days ago a a great writer for short novels. Her

writing is great. She has the ability to create very realistic, tortured and sweet characters. The story has a great natural flow. The other books I read from her were Romance with some erotic part, this book however is pure erotic! Callie has been living with her 3 best friends for 3 years. Things change when one day she walks in on Jack and Noah having sex with each other. Until that day only Lucas haunted her fantasies, now the idea of a foursome makes her crazy. So one evening when the guys are out, she buys a Porn movie, a bag full of sex toys and a lot of fantasies and decides to enjoy herself. Until the guys come back and interrupt her erotic moment. All 4 are shocked, but the guys definitely know that all they want is to please to woman they all loved for a long time, one of them more than the other two. So they suggest her to enjoy herself with them... This is a 50 page tremendously erotic story which is really HOT. MRs Kaye depicts 4 really interesting and different characters in some pages. Even though I really liked the story but I can't give it more than 4 stars because it is too short especially for 2,99! I hope you'll enjoy this burning hot read MBTM0 von 0 Kunden fanden die folgende Rezension hilfreich. Just Gotta Say... WOW! Von _yay_ @ Book that Thing Callie Davis is in the midst of a good time - pleasuring herself - when her roommates walk in unexpectedly. She has been dreaming about some scorching hot mnage action ever since witnessing two of her best friends Jack and Noah have sex. Put Lucas Brenson in the mix and her imagination runs wild. Never would they have guessed Callie to be interested in them that way. Offering to make her fantasies come true is the least the three can do. No sense in waiting any longer to tell you. This novella is one hawwwt read. My recommendation would be: Enjoy in bed or with some chocolate and a glass of wine. You'll also need one of those handy Spanish fans. Whewwww, it's getting hot in hereeeee 'so take off all your clothes. Graphic sex scenes and explicit language. Great chemistry between all the characters. This was pretty important to me, for mnage normally isn't my thing. Kaye made sure the characters were well developed even though it's an erotic novella. Each of them had a distinct personality. I was able to see and get to know them as individuals which in turn made the schmexiness that much more sizzling. Callie's an immensely likeable person. She faced off against her fears and did what was necessary to satisfy her needs. A woman who took matters into her own hands; it only added to her attractiveness. Living with three guys I figured she must be a tough chick. I was right. Everybody has their insecurities, but overall she came across as somebody capable of looking after herself. I love a heroine who's not afraid to make a decision and stick to it. No regrets! It doesn't mean she wasn't mortified - getting caught red-handed, with her hands in the cookie jar 'you get the picture. At least I hope so, because it's a really, really, really good one. It didn't feel like Callie needed her roommates, or anyone for that matter, to help her get off. She wasn't some nave little girl. That's not what this story was about. She would've done (or did for a short while) just fine all by her lonesome self. Then again, of course it was a huge thrill to have Jack, Noah and Lucas assist her. Definitely an experience she'll never forget and I got the feeling 'one that was waaaay better than she could've ever imagined. I already praised the character development. Kaye included a bit of background on all four of them and I'm sure she knew exactly what she was doing. By providing additional information she made me care for Callie and her roommates. Jack, Noah and Lucas weren't just three random dudes Callie ended up doing it with. She was getting her freak on with friends of hers. Hotties, yes! but first and foremost people she trusted. Trust and sex; two very powerful elements of the plot. Put together 'hmmmmmm, what a turn on! I especially liked the dynamics. I'm talking preferences (in terms of how deep Callie's feelings for one of the guys ran). A touch of romance was in the air. The bond between the guys and her appeared to be very strong. I was sure Callie wouldn't have agreed to any naughtiness otherwise. She desired them, loved them all, but was in love with only 'Yeah, riiight! As if I'm such a tattletale. I wholeheartedly believed their friendship was not at risk. Knowing that probably was the reason why Callie said yes. She was in charge. Jack, Noah and Lucas insisted on it. Their goal: make her feel comfortable, and then get down to business. The pleasurable kind. Thankfully, they didn't lose their minds in the process Safe sex! Kudos to the author for that. What I didn't like 'or rather why I was disappointed was that the 'bag full of naughtiness' was left behind and never spoken of again. I expected them to make good use of it. Bummer that didn't happen! Another aspect of the story that rubbed me the wrong way turned out to be a certain 'limitation that was put into place. Remember how thrilled I was about the trust they had in each other? How lovely to get my romance fix, but why let it be the reason to limit the sexual experience? It's a mnage-themed story after all. Sorry, I can't say more. Other than that 'holy heck! Jeeeeeesus, don't you dare miss out on this read. 4 stars to Just Gotta Say by Laura Kaye. Beware of Spoilers! A few of my favorite quotes for those of you who are interested: "the depth of her horniness demanded she suck up her fears" 'Yep. She had everything she needed. Bag of naughtiness in hand" "the delicious sensation of fullness setting her blood ablaze" 'Dude, I don't know how you make a woman feel better about her best friends walking in on her while she's masturbating to porn.' 'Holy mother of kissing men!'

Kurzbeschreibung Just Gotta Say is an erotic romance short story. When Callie Davis stumbles upon two of her three male roommates in a surprising, molten-hot midnight tryst, she discovers a side of herself she never knew existed. Desire to play with them grips her, and she can't stop fantasizing about having multiple men, particularly her three long-time best friends. Callie is thrilled when a guys night out gives her the perfect opportunity to recreate her fantasy with

the help of a threesome porn video and a bag of sex toys. That is until Lucas, Jack, and Noah return early and catch her in the act. More than anything, the guys want to make her fantasy come true. But Callie has a secret, and she cant help wondering if being with all three men will risk the future shes always wanted with one of them.As three strong sets of hands caress and undress her, Callie surrenders to desire, because sometimes you just gotta sayyes.KurzbeschreibungJust Gotta Say is an erotic romance short story.When Callie Davis stumbles upon two of her three male roommates in a surprising, molten-hot midnight tryst, she discovers a side of herself she never knew existed.
