gesagt, so liest sich die story gut, danke

KurzbeschreibungTori decides its time to turn the tables on her husband, so she ties him to the bed while hes sleeping. Hes in for a maddening and incredible treat when he wakes up to her mouth on him and discovers he cant do anything but lie back and enjoy the attention!Warning: This ebook contains very explicit descriptions of sexual activity including bondage. Only mature adults who wont find that offensive should read this story.Here is a preview:I especially loved the way he always let out a shocked kind of groan when I kept going and his cock pushed inside. I hadnt gagged during deepthroat in years, but it still always surprised him that I could get all the way down. In fairness, he had a rather large and rather thick cock. It wasnt freakish or anything but hed have felt right at home next to some of the big porn stars. I moved down until my face was pressed up against his abdomen, and then I lifted up his balls with my hand so I could extend my tongue and lick at him. Again he groaned, and I felt a thrill run through me that was almost impossible to take. I loved what I did to him, and now I was doing it without his helpno hand on my head, no holding me in place, and no way to do a damned thing other than just accept what I was doing and go with it. He moaned and thrust up a little as I sucked and I tried my best to keep myself from pulling my mouth off and just jumping on him right then and there.I wanted to. I was so damned horny knowing I was in control of the situation, and his cock was slick from my mouth. Hell, I could have jumped right on him right then and I probably would have cum instantly, but I wanted things to go a certain way, so when I pulled my mouth from him, I didnt straddle his cock. Instead, I got up by his face and lowered my pussy to his mouth. KurzbeschreibungTori decides its time to turn the tables on her husband, so she ties him to the bed while hes sleeping.
