Von Samantha James, Sandra Kleinschmidt : Just One Kiss before purchasing it in order to gage whether or not it would be worth my time, and all praised Just One Kiss:

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich.

Average; a good way to spend a few hoursVon AudreyThere was a small controversy over this book when it first came out because according to some, the hero (like most of them do) mistreats the heroine throughout the entire book and it's only at the end when he briefly redeems himself. For me, I didn't see this as that big of a problem; yes, Morgan was undeniably pig-headed; the Big Misunderstanding could have been avoided if only the main characters had communicated... However, I liked Morgan; I have a soft spot for these brooding alpha males (well, when they're well-written; and Just One Kiss does falls into that category despite some of the quibbles I had.) Overall, this is a good book to pass the day with; nothing spectacular, but if you do like Ms. James' style I would suggest One Moonlit Night, another book of hers that I liked better.

1 von 1 Kunden fanden die folgende Rezension hilfreich. A sensual, entertaining tale with a good dose of mystery.Von Ein KundeI enjoyed this story very much. I felt for the heroine, who's been cheated out of her inheritance by her stepmother and lied to by the hero's brother. Morgan had to be the strong one in the family all his life, while his brother shirked responsibility. He marries the heroine to protect her good name, but discovers that he's having feelings for her that are not expected ... or welcome. I found the characters to be multi-dimensional and the author weaves a mystery into the story without slowing it down or interrupting the romantic flow. I think I'll be a Samantha James fan for a long time.
