A hot steamy erotic trilogy with a class of its own!Von Booklovers2810This is a relaunch of my review for the orginally published three eBooks of the JUST ONE NIGHT - SERIES which is now one ebook bundle!1. These is the first book I've read from the author Kyra Davis. It is an erotic trilogy with real steamy hot sex scenes! The author is famous for

her 'Sophie Katz' novels (a combination of crime and suspense) which I don't know yet! The 'just for a night' trilogy are her first erotic novels. As far as I've learnt there is a second book with her sister "Just One Lie" which I need to read soon.

2. Story plot/content: Book 1 THE STRANGER: The first book is about what happens when a twenty-something young woman named Kasie Fitzgerald, working for a global player, well-educated and with an Harvard Degree and enough intelligence and who has been living for 6 years in a stable, traditional relationship with an appropriate partner of her class, a woman who always tries to meet the needs/expectations of others, strays from her main paths and does an one-nighter with a complete stranger during a holiday week-end in Las Vegas ..And discovers her dark lustful sides and is suddenly confronted with them in her daily working life ..Book 2 EXPOSED: The story of Kasie Fitzgerald continues where it ends in book 1 and is about: What happens when the fiance of Kasie finds out about her one-night-stand? What happens when the relationship between the one-night affair named Robert who happens now to be also Kasie's professional main client turns into an ongoing affair where sexual dominance and professional as well as personal power play takes its places and what kind of short-term or long-term effects may have these all to Kasie's personal and professional life and relationships ..Book 3 BINDING AGREEMENT: The last book is about what happens when Kasie immerses more and more in a real relationship with her one-night affair and client named Robert who has the power to make all her dark desires and wishes in her personal and especially in her professional life comes true due to his enormous power play, his sexual dominance and his big financial influences ..What happens when Kasie is granted more and more power? Will she consume it and enjoy it or will she run from it?-----But this story is no typical BDSM Sex Story like 50 Shades of Grey or the Bared to you Series from Sylvia Day. Clearly, romance and love plays a role but the main questions is who is the main character named Kasie deep inside, what are her real, deep sexual desires, what of them she want to experience, which of them she wants only imagine and how much of submission/power play of her own, influence she really wants/ needs in her professional life ..How hungry is she for power, success, respect, vengeance if given the opportunity ' and is she willing to pay the price for that all? 3. Pricing and quality of the eBooks: In my opinion the books which now is bundled in ONE BOOK are totally worth their money because of the writing style, the story plot, the deep questions the books confronts you with! This ebook has an index which allows you to navigate quickly between different chapters. The quality of the eBook is overall good! 4. The writing style The story is told in first person from the main character Kasie Fitzgerald during all 3 books in present tense. There is no POV change. This makes is easier in my eyes to dive deep into the story. Sometimes it feels like your surroundings are hushed, clouded, maybe because you are/ I was very intensive in the head from Kasie..The story flows fast for me. You immerse fully in the story and I was never bored. The author is capable to create a complex world/ story with only few words and less than 150 pages for each part with interesting and complex main and side characters with flaws and a believable story plot. And all the time you think you are reading in a much longer book because the story is so good developed, so rich. The metaphors the author uses are well picked, often sophisticated or philosophical and underlines the main themes perfectly. Besides the erotic scenes are creative, well written and hot ' and not all fully conventional or mainstream ' and some are only fantasies in the head of Kasie! The story plot never gets boring. It surprises in each book with unexpected turns and developments and causes enough suspense to get goose bombs..5. Ending The Story ending in Book 3 is not disappointing and nor sad or without a solution but the end is not a typical happily ever after! Kasie doesn't hesitate to confront all the difficult topics in the end and grows a lot! Altogether the periods of time of the story plot last several months. I was very well entertained and will definitely reread the story again one day! @booklovers28100 von 0 Kunden fanden die folgende Rezension hilfreich. Lovely collection. Von Nora Loy I really enjoyed reading the "Just One Night" series. Finally, there is a heroine with a brain and a life and her journey to self-discovery and finding boundaries is believable. Add to that some steamy scenes and good editing and you have yourself a good read for the weekend. The only reason why I will rate this collection with four instead of five stars is because the ending feels rather rushed. 2 von 3 Kunden fanden die folgende Rezension hilfreich. gute geschichte Von Customereine nacht mit einem fremden und pltzlich ist alles anders der eigene freund wird pltzlich zum peingerund der fremde der retter

Kurzbeschreibung In this New York Times bestselling erotic novella trilogy, a buttoned-up businesswoman takes her friends advice and has a fling with a stranger on a trip to Vegas only to find herself under his mysterious, sexy power both in the boardroom and the bedroom. Kasie Fitzgerald knows who she's supposed to be. She's a rising-star-workaholic at a global consulting firm. She's the fiancee of a well-connected man who's won the approval of her parents. People know that she's reliable, serious, proper, cautious, pragmatic, and yes, a little predictable. She's who Dave and her family want her to be. But as her thirtieth birthday looms, buried feelings begin to resurrect. Her friend takes her to Vegas for one last wild and crazy night. In a dress much shorter and sexier than anything she has ever dared to wear before, she hits the blackjack tables. And meets him. Under the tailored clothes it's clear that this is a man who is intense, powerful, and maybe even a little dangerous. With a touch of trepidation she accepts his invitation to get a drink, and before long, she's in his hotel room. She never gets his full name. Perhaps his anonymity is one of the

reasons she's able to give herself over to him and to the moment so completely. Perhaps it's why she's just had the most exquisite and passionate sex of her life. Shaken by her own behavior, Kasie tries to chalk it up to one crazy night. But when the mysterious gentleman she's just had a fling with shows up in her office as the CEO of a firm her company does a billion dollars of business with a year, demanding that she handle his account, and so much more things will never be the same again. And there's no telling where this will go.

Pressestimmen" (Starred review) This erotic triptych, originally a bestselling e-book trilogy, stars consultant Kasie Fitzgerald, whose staid existence is forever changed after an intense one-night fling in Las Vegas. Though she never expects to see the mysterious Robert Dade again, he soon appears in her normal life, revealed as the CEO of a security tech corporation who specifically asks for Kasie to lead the team handling his new contract. Caught between the enigmatic Dade and her boring and unlikable baked potato of a fiancé, Kasie struggles to reinvent herself as the woman she wants to be: someone with confidence, sensuality, and drive. Frequent explicit erotic encounters and fantasies keep this page-turner crackling with intensity. Davis (the Sophie Katz series) skillfully creates an uplifting story in which sex is presented both as freedom and as a metaphor for power, and where raw chemistry is the clear winner over bland complacency." (Publishers Weekly) "Kasie could have easily been another flimsy heroine bulldozed by an alpha male. Instead she finds new strength in her relationship with domineering Robert, whose overprotective nature which borders on the Edward Cullen stalkerish tests her limits. Watching Kasie outgrow her toxic relationship with Dave and become her own person alongside Robert is what makes this story. Not to mention, Davis's prose is beautiful and her sex scenes both creative and hot." (Romantic Times) "An excellent erotic trilogy - a little darker and a quite a little different from the rest...it's edgier and more thought provoking." (Sinfully Sexy Reads) "I couldn't envision a better ending if I tried...definitely different than anything else I've read in this genre; exploring the art of war, control, dominance...and in the end, an unconventional love story." (Jessy's Book Club) "Gives Fifty Shades of Grey a run for its money . . . sex, guilt, passion, betrayal, revenge, and orgasms fill every page. (New York Journal of Books)
