Von Danielle Steel : Kaleidoscope before purchasing it in order to gage whether or not it would be worth my time, and all praised Kaleidoscope:

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. Very

GoodVon Ein KundeI bought this book when it first came out (1987) so I don't remember all the details, but I know that the book was very dramatic, emotional, and heartwrenching. I still remember the characters all very well, and some of the things they went through. I liked the 3 sisters a lot, even though I wished they all weren't perfectly beautiful. The violence in the home, and the scene where the girls were split up were well portrayed and felt very real. I also like their reunion--it wasn't all sweet and wonderful like they always show it on TV. I'm glad Ms. Steel put in a character who had some major flaws and yet was a lovable and sympathetic person despite it. Probably one of her best books (the original had the nicest cover I've ever seen too.)1 von 1 Kunden fanden die folgende Rezension hilfreich. Three orphaned sisters are separated from each other.Von Ein KundeKaleidoscope may start off slow, but after a few chapters you won't want to put it down. Sam and Solange had a great love that ended in murder. Now that their three children are orphans, Sam's best friend Arther tries to find people to adopt the kids. The children, Hillary, Alexandra, and Megan are separated from each other and grow up in very different places with very different people. You may think you have the book all figured out, but there are a few surprises in the last few chapters1 von 1 Kunden fanden die folgende Rezension hilfreich. One of the best books I have ever read.Von Ein KundeThis book was very moving. Some of the text drove me to tears. This was one of the best books I have ever read. I could not bring myself to put it down. Ms. Steel is truly a brilliant author. She captured in print the eldest daughter's pain: her abuse when she was growing up and trying to find her sisters. I cried when she was finally reunited with her family. I applaud Ms. Steel for writing a great book

KurzbeschreibungWhen a beautiful young Frenchwoman and a brilliant American actor meet in wartime Paris, their love begins like a fairy tale but ends in tragedy. Suddenly orphaned, their three children are cruelly separated. Megan, the baby, adopted by a family of comfortable means, becomes a doctor in the rural Appalachia. Alexandra, raised in lavish wealth, marries a powerful man whose pride is in his pedigree and who assumes that Alexandra is her parents' natural offspring. Neither of them has the remotest suspicion that she is adopted, or what turbulent tragedy lurks in her past. And Hilary, oldest of the Walker children, remembers them all, and the grief that tore them apart and cast them into separate lives. Feeling the loss throughout her life, and unable to find her sisters, she builds an extraordinary career and has no personal life. When John Chapman, lawyer and prestigious private investigator, is asked to find these three women, he wonders why. Their parents' only friend, he did nothing to keep them together as children and has been haunted by remorse all his life. The investigator follows a trail that leads from chic New York to Boston slums, from elegant Parisian salons to the Appalachian hills, to the place where the three sisters face each other and one more final, devastating truth before they can move on.From the Paperback edition..deThe World War II love affair between lovely Frenchwoman Solange Bertrand and American GI-turned-actor Sam Walker burned too brightly and ended in tragedy, leaving their three young daughters orphaned. Megan, the youngest, adopted by a loving family, grows up to be a doctor in Appalachia. Alexandra, adopted by a wealthy family, marries a powerful man with an impeccable pedigree. Hilary, the oldest (and the only one who remembers her sisters), enters the sordid world of foster care before going out on her own to work her way up to being a New York news producer. In the pursuit of success and stability, Hilary foregoes building a personal life, especially when her efforts to locate her sisters hit a dead end. But when high-priced private investigator John Chapman is hired to reunite the three sisters, the secrets and lies that kept the women apart--and bound them together--are revealed and the love only sisters can share blossoms again. A heartwarming tale by master storyteller Danielle Steel. --Alison Trinkle.comThe World War II love affair between lovely Frenchwoman Solange Bertrand and American GI-turned-actor Sam Walker burned too brightly and ended in tragedy, leaving their three young daughters orphaned.
