The novel to end all novels Von DanThe story of two ambitious businessmen, born the same day on opposite sides of the globe, who individually overcome adversity to attain levels of wealth, power and success unknown to most men. Abel Rosnovski, a self-made Holocaust survivor and American Immigrant, is a hotel tycoon who utilizes his shrewd business sense, unbounded energy and natural flair for languages to enable him to become proprietor of the largest hotel chain in the world. William Kane, born into a wealthy and socially established Boston lineage and the heir to millions, is a Harvard graduate who rises through the ranks of the banking world to become chairman of one of the largest and most respected banking institutions in the city of New York. Over time, the two men come into contact and engage in a vengeful feud so bitter and far-reaching, it affects their work, their dreams for the future and also hurts the people they love the most. Incredibly moving, deeply fascinating, ironic and awe-inspiring, it is a work of fiction so creative and true to life, it was hailed as a masterpiece the moment it was published in 1984 and to this day serves as an entertaining look into the lives of two men who had everything, except the common sense to put an end to a personal grudge before it became too late.1 von 1 Kunden fanden die folgende Rezension hilfreich. Kane Abel - Polish nobleman versus American banker Von Jozef A. Wawrzak This book is really wonderful. I could not put this book away while reading. Jeffrey Archer put the action in the real world with a knowledge of the reality of Poland before the second war and the post war era. This is what I like about it. Since I am Polish I can say that the fact from the beginning of Abel's life are set in the reality of those time. The Russian soldiers were shown in the actual reality what I know from the facts that my father was telling me about them. Anyway the characters of Abel and Kane are drawn nicely to show the drive to success. Kane is driven by the financial purposes to get rich by all means, while Abel's success is driven by his stubbornness to destroy Kane who was guilty of death of Abel's former boss. The action of this book is swift, and is very characteristic to all books of Jeffrey Archer. Second part of this book "The Prodigal Daughter" is in the same style. I highly recommend to everyone this book, and of course when you read "Kane Abel" do not forget to read "The prodigal daughter" to have the full picture of Kane's family.
