KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. What a chaos - being in loveVon GreystarAntonia is a rather old vampire who is just to open a new store. She is not in the least interested in love - until she meets Michael. He is reclusive, a probable supplier for her store and somehow

different. Very soon it turns out that he shape shifts into a large cat. But around the love-sick couple, a lot is going on, there are some jewelries that had been stolen and re-appear in Antonia's friends car, a dead body is discovered, a wedding is to be planned and in all this turmoil someone is shooting Michael - in catform. And how is Antonia going to explain to her community of vampires that she plans to stay with Michael.** Forth part of '..forever..' series. This time you better know about the actors. Almost all the know characters of the previous books appear. That is not bad as the author has a lot of different angles to go about the main plot. Again the leading characters are well defined and hit it off early in the story. The mixture of 'supernatural' problems and day-to-day trouble is absolutely funny sometimes. Again we have some love scenes and of course a happy end with no loose ends.

A sexy mortal companion is fine every now and then, but a soul mate? A partner for life? Please. She was burned once, and hundreds of years haven't healed the wounds. But reclusive potter Michael Langton is. . .different. His gorgeous wares are perfect for her new art gallery--and his gorgeous body is perfect for her. She can't get enough of his toned muscles or his amazing, dark eyes. Their nights together make them both purr with pleasure--except in Michael's case, purring comes naturally.
