FARDEN LOT of great reading! Breath taking, wonderous, wow Von Ein Kunde Wow! I absolutely love, adore, and just...I can't get over this book. I have read it eight times! The first time I read it it only took me an hour and a half! What a completely awesome story! After I read it, I went out and bought Warrior's Woman. I loved this book too. It is rare that a sequel is as good, or even better then the original book but this one is! Keeper Of The Heart is definately a keeper in my opinion! Martha is hilarious, Brock is hilarious, Falon I am in LOVE with, Shanelle is a sweetie, Tedra and Challen crack me up....Dalden is....hey! Did Johanna Lindsey ever write Dalden's story?? I will be the first one to read it! If anyone knows if she has or not, I'd really like to know!! Ahhh...I am just in love with this book. I don't look at what Falon does for punishment as wife beating at all. Its a spanking for crying out loud. Most of us were spanked as children, and then he does comfort her AND let her use a meditech....*sigh* This book is a DEFINATE one to add to your collection. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Not what I expected Von Ein Kunde I rely heavily on other readers' reviews before I purchase any book. I was disappointed. No where on the book cover was I alerted to the fact that this was going to be a story about robots, talking computers that can also transfer people from one location to another in seconds, androids, and traveling from one planet to another in airbuses. I kept looking at the cover wondering if the publishers mistakenly put that cover on a sequel to Star Wars with a mix of the cartoon The Jetsons. I could not get into this book but I was determined to finish it. But as Falon stated throughout the book, "You are welcome to try." The only reason I gave this book 3 stars is because I cannot give Johanna Lindsey's work anything lower, most of her other books are outstanding. As I read most of the reviews listed here, I know my opinion will not be appreciated. So be it. 1 von 1 Kunden fanden die folgende Rezension hilfreich. KEEPER OF THE HEART is another splendid work of art. Von Ein Kunde I've read this book only last summer of 1997 and I really enjoyed ever page. At first I didn't quite understand the setting of the story because I didn't read Warriors Woman first which was supposed to be the story of Shanelle's mother and father but anyway as I progressed, I could finally understand and imagine what type of scenery it was supposed to be. I fell in love with Falon because after he beat his wife, he consoled her and comforted her and loved her to pieces. It's not exactly termed as wife beating -- I personally didn't view it that way -- it's more of teaching her a lesson so she wouldn't do it again, lest the hurt it would cause her. To Ms. Lindsey, keep squeezing out those romantic ideas -- I've read them all and I can't wait to read another one of your creations.

A warrior, virile and magnificent Falon Vanyer is overwhelmed with intense desire for the spirited beauty who has vowed never to be his. And though the heavens themselves conspire against him, he will pursue his sensuous prize, and brave any peril to conquer and claim the keeper of his heart.
