introduced to the character Kelly, who after a shoplifting incident had a hot threesome with two security guards. The next day she is worried about what happened. Feeling guilty, she needs to make peace with her conscience. So she decides to confess it to a priest, Father Donovan, in an old chapel. But Father Donovan has very old-fashioned ideas about discipline and what constitutes a suitable penance. A harsh spanking across the altar is just the start of an encounter that will leave Kelly thoroughly chastised...Even it's a very short erotica story, it's a good read. Like it's written on the description you'd better not buy it, if you're religious. Because you're likely to be offended by it.

Kurzbeschreibung After the disastrous shoplifting incident that led to a hot threesome with not one, but two hunky security guards, Kelly's strict conscience has her worrying about the state of her immortal soul. She decides to confess to the rather forbidding priest in the old chapel, but Father Donovan has very old-fashioned ideas about discipline, and what constitutes a suitable penance. A harsh spanking across the altar is only the start of an encounter that will leave Kelly thoroughly chastised...and not at all chaste. Warning: This story contains religious themes. Please don't buy it if you're likely to be offended by lecherous, blaspheming priests taking thorough and graphic advantage of naive but willing young college girls.
