Ein echtes LesevergnngenVon Lexi101Genau wie Band 1 der "Zenith Trilogy" ein tolles Buch, das man gar nicht mehr weglegen kann. Es wird nicht nur die Geschichte der Hauptcharaktere aus "Copestone" weiter erzht, sondern es

kommen neue Charaktere hinzu, die einem genauso ans Herz wachsen. Hoffentlich erscheint bald Band 3.

Kurzbeschreibung Cora McKee is a Leaving Cert. student. It is at her school where she first meets the mysterious Ryan - a man older than her and seemingly shrouded in secrecy. He knows more than any stranger should about a teenage girl he has never met before, and his astuteness combined with his dark mysticism makes him all the more appealing to Cora. She is about to discover two astonishing facts about her new beau: she is falling in love with him, and his arrival in her life has an explanation that defies belief even to the most liberal of romantic hearts.
