KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Drama at its finest.Von Detra FitchJohn Murphy, a reclusive horse trainer, knows the sound of knocking on his door late at night often means bad news. John answers the door to find his elderly neighbor, Gladys Stemming, with three little

girls by her side. Gladys has recently undergone major surgery and needs John's help with the girls. Jason Dolling is her late sister's grandson. Jason had just shorn up at her door, shoved the girls at Gladys and left to score his next batch of drugs. As for their mother, Renee, she left months ago and the girls do not understand why. Alexis is nine and has obviously been caring for her two younger sisters for a long stretch of time. Taylor is five and is very interested in John's horses. The youngest is three-year-old Chloe. John can tell immediately that the girls have been abused, neglected, and are malnourished. It appears that Jason has been poisoning the baby for unknown reasons. Before John knows it, he loves the girls. The courts grant temporary custody to Gladys and the entire group stays on John's ranch. This is when Renee shows up, demanding her children. Renee did not know Jason was abusing the girls. She had gone into rehab while Jason cared for their kids. Shortly before getting out of rehab, Renee told Jason she wanted a divorce. Once out, Renee finds Jason and the girls gone. After months of searching, Renee finds them with Gladys and John. Due to her past mistakes, the courts refuse to give her back the girls until she 1) gets a place to stay, 2) gets a job and 3) proves herself now fit to be their mother. The children do not want to be with Renee and Alexis will be the hardest to get forgiveness from. Can Renee prove herself to Alexis? Can Renee win back their trust and respect? And can John keep himself from falling in love with the recovering alcoholic who has made some very big mistakes?\*\*\*\*\* FIVE STARS! This author tackles a situation which is, unfortunately, all too real these days. At first I was very disappointed in Renee. But Renee realized that she could not take care of the girls until she received help for herself. Going into rehab was her first smart move. I cheered Renee throughout the entire story. The author did an astounding job on that character! The story is so well written that I could easily see and understand everyone's feelings and actions. And I totally fell in love with the three girls. This is drama at its finest! \*\*\*\*\*Reviewed by Detra Fitch of Huntress Reviews.
