Von Chelsea Cain : Kill You Twice (Archie Sheridan Gretchen Lowell) before purchasing it in order to gage whether or not it would be worth my time, and all praised Kill You Twice (Archie Sheridan Gretchen Lowell):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Time is Right for Gretchen's Departure - and...Von Miki101.Micha ... 6 Feet Under she would fit in fine! My personal opinion ...In the fourth book of the series Night Season C. Cain let us take a mere peek at Gretchen just at the end, when trialed. And a changed Archie took his stand in a way that let me hope that he (and we with him) can finally set sails

and make his (our) way to other, more pleasant destinations. But no, also in this 5th book good Chelsea goes on with (ab-)using the relationship between Archie Sheridan, healed from his painkiller addiction and the Beauty Killer, Gretchen. Obviously Archie has finally recovered from their insane relation, too. Yes, he really seems to beam at the notice that the 'Beauty' looks more like a 'Beast' in this days ... Our madwoman is locked into a 'High Security Mental Health Institution' for natural lifetime being. Drugged and deformed beyond recognition she spends her days on the way to some kind of reformation. As if a character like hers could ever be straightened out! In the meanwhile Archie and his partner Henry are tasked with stopping another violent killer terrorizing the Portland, Oregon area. This very special murderer is taking particular pleasure in torturing his victims, for example skinning, mutilating and burning them alive. There is a detail - naturally not revealed to the Public - that links several killings to make the killer a serial one ... Then around comes Gretchen, with insisting the killer is an old acquaintance of herself, a man that is using the pseudonym of one Colin Beaton. This Colin person shares a past with Gretchen, as they both were in care of the same foster parents for some time in their youth. And Archie has to realize the extent of the damaged individual's psyche that he is up against. The question which becomes vital for him and Henry is, will Gretchen help him to catch and stop Colin or is she planning to contact in some way her former foster brother and help him in his sick killing spree? To make matters worse, Colin believes he is on a spiritual mission and this makes him the more difficult to stop. Then an accident happens which turns the whole story upside down, confining to the incredible ... I don't want to spoil here, but because of this twist of the story the book makes it in my scale to 3 stars only. Because the more the merrier is NOT the right formula to keep the readers close! In this thriller also the peripheral characters like Susan the now ex-reporter and her boyfriend who seems to be the heir of a Number One Drug Thug play their very important roles and the surprises do not stop as their individual agendas will be revealed. For sure I have given some very intense thoughts on the direction this series will be moving forward. One of the truly satisfying aspects of this book is Archie's liberation from Gretchen's control. But with this one we have already had five books that basically revolve around that sick relationship. It would have been better to send Gretchen to her Final Destination, her body Six Feet Under and her soul - if she ever had one - to THAT place some steps downstairs and much, much 'hotter' ... The book is a solid thriller and a good read for those who like the serial killer genre. If, yes if ... Chelsea Cain wouldn't have spoiled the pleasure of the read at a certain point, she could have gained minimum one star more ... Let us see what comes around in the next thriller Chelsea Cain will produce. Yes - produce, because it seems to be a production line assembled to deliver a good deal more of Archie/Gretchen stories ...

KurzbeschreibungArchie Sheridan should be recovering from his past run-ins with serial killer Gretchen Lowell, yet he's just as haunted as the day she let him go. But when a cyclist comes across a corpse in Mount Tabor Park on the eastern side of Portland, Archie suddenly has a new case to focus on. Then comes a call from an unlikely source. After months of ignoring calls from a doctor at the mental hospital where Gretchen is supposed to be locked away forever, Archie hears that she might have inside knowledge about the new investigation. But is she bluffing just to get close to him, and can he risk losing his only lead? One thing is for sure: Gretchen Lowell is back, and Archie must decide if catching a killer is worth facing his demons one more time.PressestimmenCain is good at working in multiple plots and leads while building real suspense Daily MirrorWerbetextThe tormentor returns . . .
