Once you open the cover of this book you are in for a "non-stop-able" session! Dr. Jessica Coran, FBI medical examiner, might even give Kate Scarpetta a run for her job! Robert W. Walker is a master at creating unforgettable characters-- weather good or completely evil. His creative instincts keep you turning pages long after you think you'll never be able to sleep again.. even with every lock locked and all the alarms armed! At every twist and turn of the plot, danger, frustration and helplessness lead Jessica closer and closer to the killer. Fatal Instinct, Primal Instinct, Pure Instinct, Darkest Instinct and Killer Instinct-- Guaranteed reading pleasure!0 von 0 Kunden fanden die folgende Rezension hilfreich. One of the best I've ever readVon Veronica (veejer5994@aol.com)I truly enjoyed this book. I love to read about serial killers and the FBI. Although it was a great book I have to say that I have read a couple of books that were slitty better, such as most of the books by James Patterson. It did keep my interest up and kept me turning pages, Some of the relationships and characters could have been built up a little more. I do absolutly love the main character being a woman in what we call a "man's job." It was a great book.0 von 0 Kunden fanden die folgende Rezension hilfreich. Couldn't get into it....Von Ein KundeI read this book because I'm a big fan of the Kay Scarpetta novels and this was supposed to be along the same line. I found the characters to be boring and not well developed and the story too slow.

KurzbeschreibungDR. JESSICA CORAN A brilliant and determined FBI medical examiner, she was an expert student of the criminal mind who thought she could face anything. That was before Wisconsin. Before she saw one of his victims... THE VAMPIRE KILLERThe FBI agent had a special code name for his unusual method of torture: Tort 9, the draining of the victims blood. The newspapers called him the Vampire-Killer. But his own twisted love letters were signed "Teach"... and were addressed to the one woman he wanted most of all: His hunter, his prey, Dr. Jessica Coran.(This book is first in Robert W. Walker's Instinct series. It was previously published in paperback. This ebook also features an excerpt of WHISKEY SOUR by J.A. Konrath.)About the AuthorRobert W. Walker is the author of more than forty thriller novels, including 11 books in the acclaimed INSTINCT series featuring FBI medical examiner Jessica Coran. Praise for Robert W. Walker"Masterful." -- Clive Cussler"Ingenuous." -- San Francisco Examiner"Gruesome." -- The Sunday Oklahoman"Frightening." -- Midwest Book .""Bone-chilling." -- Publisher's Weekly"Perfect for Patricia Cornwell fans." -- Mystery Scene"Walker is a master at the top of his game." -- Joe KonrathFrom Publishers WeeklyThe opening of this psychological suspense novel smells of evil: the body of a prostitute is found hanging upside down in an abandoned Wisconsin cabin, an arm severed off, genitals mutilated and her blood missing. Coroner Jessica Coran, a made-for-Jodie Foster character, heads the FBI team assigned to track a latter-day Count Dracula. As it turns out, the serial bloodsucker is a mousy medical-supply salesman who often stalks his victims at hospitals in a gray van. Calling himself Teach, he uses a tracheal tube to siphon off their blood, his methods not unlike Jessica's obsessively meticulous autopsies. Clearly, killer and medical sleuth are two of a kind: soon the vampire sends his counterpart a love letter and longs to sink his fangs in her neck. He's a far more soulful figure than the novel's mechanical gumshoes. "Virgin blood was hard to come by, but according to the books, it had the most curative powers," Teach muses as he lies in a bloodbath, unworried about AIDS. The plot may be predictable, but Walker has created a complex, chilling high-tech tale that many readers will lap up. Walker wrote Curse of the Vampire under the pseudonym of Geoffrey Caine.
