Dare ya to read it!Von RobynKing of Prey is a great twist on the paranormal shifter genre. I have never read a story that dealt with raptors. This was a great intro to the series. I enjoyed reading about the King of the Royal Eagles, Kabril. This is a man that despises humans. The thought of mating and bearing children are so appalling; yet he does not have a choice. War is on the horizon with the feuding family of Peregrine Falcons. There is no love loss

with these two families. Children are needed for the survival of the Eagles. Recent events have plagued the village women not bearing any children. There is an oracle that has advised the King it is time for a mate. Begrudgingly, he veers into the portal of time and enters Earth. At first he is not thrilled. Kabril is forced to actually work. He and a trusted advisor are staying at an old vintage home. This home is or was owned by the grandmother of Rayna. Rayna is a naturalist. She photographs wildlife in nature. Rayna being neighborly goes over for a visit with a meal, can we say carnivore meet herbivore, and this made me laugh so hard. I liked the witty writing that Mandy used in this story. It does have serious dangerous moments. This is a true romance and has so much more to grow for storyline.0 von 1 Kunden fanden die folgende Rezension hilfreich. Reissued and even better as the old version Von Birgit Wahl I got that book 2 years ago and I loved the story then and now that the author added to the book so I purchased it again cause I wanted to see what she did after I got the announcement about the book (reissued version) via author newsletter. I always pre-order books by Mandy M. Roth cause I'm hooked to her writing and her worlds.

Kurzbeschreibung Paranormal Bird Shifter Romance In a place where realms combine and portals open passages to the unknown, a prophecy speaks of fertility being restored to his people through the taking of King Kabrils mate. The prophecy neglects to mention she lacks something vital to his kindwings. Kabril, King of the Buteos Regalis has no interest in taking a human mate. His kind believes humans are dirty, vile creatures who rely on machines to lift them into the air. The last place he wants to go in search of his mate is Earth, but hes left no choice. Never did he expect to find love on a planet with one moon, people who lack wings and a stubborn vixen who makes his heart soar. When he does, he fears the truth about who and what he truly is will steal it away. Little does he know his enemies fully intend on doing the taking. Roth grew up fascinated by creatures that go bump in the night. From the very beginning, she showed signs of creativity--writing, painting, telling scary stories that left her little brother afraid to come out from under his bed. Combining her creativity with her passion for the paranormal has left her banging on the keyboard into the wee hours of the night. She's a self-proclaimed Goonie, loves 80s music and movies and wishes leg warmers would come back into fashion. She also thinks the movie The Breakfast Club should be mandatory viewing for... okay, everyone. When she's not dancing around her office to the sounds of the 80s or writing books she can be found designing book covers for NY publishers, small press and indie authors. Mandy has been #1 on 's Author Rank and on bestseller lists numerous times. Mandy writes for Harlequin Spice, The Raven Books, Samhain Publishing, Ellora's Cave Publishing, Pocket Books, Running Press and Random House/Virgin/Black Lace.
