Von Evan Currie : King of Thieves (Odyssey One: Star Rogue) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised King of Thieves (Odyssey One: Star Rogue) (English Edition):

I actually enjoyed that the action takes the reader to yet at another location (this time artificial moon, I stop here, no spoilers). Could have given away a little

more in the end without spoiling the next books- that's why I take off a star. Overall, very exciting and enthralling read.0 von 1 Kunden fanden die folgende Rezension hilfreich. BreathlessVon Gregor SchneiderWhat an awesome read!I loved Evan's #OdysseyOne sequel a lot already, esp. for dealing in the near future and enabling the reader to envision the whole set.At the beginning, I was a bit disappointed about the storyboard--- spoiler ---no space-battleset is on an alien construct onlyreminded me of Duke Nukem 3D (positiv!)--- spoiler ---Well, knowing Evan's style, I was expecting a good read anyway so I gave it a try.I usually hardly give a 5 - star - rate, but the figures are created in a great way, phantasy twisting your brains, a good lot of sciene, and thrilling all over.The final is an absolute pageturner, and I was pissed off when I got interrupted while reading.Besides, I had a great laugh during the last chapter when Morgan and his Chief had their special discussion about anti-matter.Great read, Evan, can't wait for the continuation of the story!0 von 1 Kunden fanden die folgende Rezension hilfreich. Sehr gut, aber anders als die ersten Odyssey BndeVon SchattenwolfSpannend durch und durch. Nachdem es etwas langweilig beginnt zieht die Handlung rasant an, ohne spoilern zu wollen. Ich bin gespannt, wann und wie die Story weitergeht und wahrscheinlich kann ich wieder nicht warten bis es auf deutsch erscheint.Fazit:4,5 Sterne, noch aufgerundet auf fnf. (0,5 Abzug, weil an der einen oder anderen Stelle habe ich mich dann doch etwas stark an eine sehr bekannte Filmreihe erinnert gefhlt)

KurzbeschreibungThe world of the bestselling Odyssey One series grows in this new stand-alone adventure, as Earths survivors face devastating new challenges in the wake of an alien conflict. Battered and mourning tremendous losses, the once fractious peoples of enemy nations must work together to rebuild their shattered worldand prevent the possibility of their attackers return. What they dont know is that a new, deadlier enemy unlike anything theyve ever faced will usher in the dawn of another war.Captain Morgan Passer commands the Rogue Class destroyer Autolycus, charged with an interstellar recon mission to detect traces of the repelled enemy while gathering information for the fortification of Earths defenses. What the expedition finds instead is a deeply disturbing mystery: a discovery that redefines everything they thought they knew about Earths place in the galaxyand reveals deadly new horrors. Former enemies unite for their own survival, and Passer and his intrepid crew seek answers to help them save their people. Instead, they find that the invasion may be over, but the danger is just beginning.KurzbeschreibungThe world of the bestselling Odyssey One series grows in this new stand-alone adventure, as Earths survivors face devastating new challenges in the wake of an alien conflict. Although his post-secondary education was in computer sciences, and although he has worked in the local lobster industry steadily over the last decade, writing has always been his true passion. Currie himself says it best: Its what I do for fun and to relax. Theres not much I can imagine thats better than being a storyteller.
