gute Wahl Von mareike Als ich den Titel und die Zusammenfassung des Inhaltes gelesen habe, war klar, dass muss ich lesen. Die Charaktere sind wirklich wahnsinnig gut beschrieben und die Geschichte, wenn auch recht kurz fr meinen Geschmack, ist spannend. Ich htte mir gerne die ein oder anderen Szenen ausfhrlicher gewnscht oder einige Dinge vertieft erklrt bekommen, aber trotz allem ist die Geschichte flssig zu lesen und man kann sich gut in den erzhlenden Charakter hineinversetzen.

Kurzbeschreibung Mending the Rift: Prince Rin of the Kari Kingdom expected nothing more than a business arrangement when he signed the marriage contract with King Merinej of the Jeda Kingdom. Instead he found a supporting and caring husband willing to die for him. Where he only saw a bleak and lonely future, he received a loving one filled with his childrens mischiefs. From one war to the next, the rulers stand together as they face their trials, trying to lift their Kingdom from its blood-spattered knees, heal the old wound while withstanding the new and survive both the enemies at their borders as well as those from within. King's Conquest by Valentina Heart Book One in the Mending the Rift series The only way for Prince Rin to save his kingdom is to marry a king and bear a child, but will he survive his fate? In a world where two kingdoms are constantly at war, Prince Rin, heir to the throne of the Kari kingdom, has been demanded as a war conquest by King Merinej of Jeda. The prince must travel to his enemys kingdom and share the kings bed, bearing him a child, or the war will continue. But the prince will not lower himself to what he sees as nothing but the title of a whore, so he demands a contract requiring the king to be faithful to him. After all, giving Merinej a child will threaten Rins life. Even going into the marriage headfirst, Rin expected nothing more than a business arrangement. Instead, he receives affection, yet the more surprising realization is his willingness to give love back. However, the king cannot save Rin from those who wish him harm, and their union might be over before it can fully bloom. Valentina Heart About the Author: Valentina Heart lives in different locations in Split, at the coast of the Adriatic Sea. Like the directions of her stories, her life takes a new twist with every passing year, and she welcomes every single one. As an avid reader for many years, she had a habit of mixing fiction with reality, until she realised she could simply breathe life to her characters and make them as real as they could get. From forever romantic to deeply troubled, they bring joy to their creator, just as they sometimes bring frustration with their naughty behaviour. Kinky imagination aside, she enjoys music and movies just as much as reading, but give her summer all year round and she'll be ready to free-climb, swim, or stretch in all those mind-stirring yoga positions.
