plotted stories with engaging characters, and with each book her strength in her craft grows. In this sequel to "Kiss Me Quick" (March 2003), we see many of the same characters back. Set in early 1800's London - Lady Francessa Epping had been in love with the Honourable Brixton Smythe-Medway since they were children. He's remained resistant, not wanting to lose his freedom - and not in a polite way. He has wagered he would never marry before age 50, and he would never ever consider marrying Fanny because she is too quiet and sweet - BORING and BLAND. Fanny cannot help but hear of his wager; the scandal is circulating through the Ton. But instead of being hurt, she kisses him before everyone, and declares she can break his heart within six weeks. Fanny keeps telling herself that she is only doing this for revenge. Both their families are NOT happy by this public battle of wits. Fanny is forced to leave her brother's home because of it. Brix must face his face over the disgrace, and later, he is challenged to a duel by Fanny's brother for the insult to her honour. It is humorous, with sparkling dialogue. Another of Moore's deft works.

Kurzbeschreibung Lady Francessa Cecilia Epping has carried a torch for the Honourable Brixton Smythe-Medway for years, until she discovers that Brix has wagered his friends that he won't marry till he's 50 and he will never, ever marry 'mousy little Fanny Epping'. Francessa makes a counter wager: she'll break his heart in six weeks. She then seals the bet with the most mind-boggling French kiss Brix has ever experienced. Who knew Fanny could kiss like that? Who knew she knew how to kiss like that? Good God, wherever did she learn to kiss like that? Poor Brix! Poor Fanny! They're so busy trying to pretend they don't have any feelings for each other except anger, and yet they keep kissing. Again and again and again.
