KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Just amazing!!!Von Nicole JaguschThat book is seriously one of the greatest books I read this year.It was such a fast read, it's amazing.The story really drew me in right away. The characters were so well written.Noami is just such a wonderful main character. She grew so much over a short span of time. So many bad things happened to her but she just never gave up.The twists and turns toward the end of the book were just great and I didn't see any of them coming.

Especially when it comes to Naomi's parents. The only thing that I didn't really like is the whole Naomi/Kai/Puck thing. That's just because I really could do without a love triangle for once. But it's just a small part of the book that doesn't keep me from absolutely loving it.

Kurzbeschreibung Trapped in a dark cult, sixteen-year-old Naomi Aren has lived a quiet, albeit unhappy, life nestled deep in the hills of the Ozarks. With uncut hair, denim skirts, and only roses for friends, Naomi seldom questions why her life is different from other kids at school. Until the day her abusive father, who is also the cult's leader, announces her wedding. Naomi must marry Dwayne Yerdin, a bully who reeks of sweat and manure and is the only one person who scares her worse than her father. Then she meets Kai, the mysterious boy who brings her exotic new roses and stolen midnight kisses. Kisses that bring her a supernatural strength she never knew she had. As the big day approaches, Naomi unearths more secrets of about her father's cult. She learns she has power of her own and while Kai may have awakened that power, Naomi must find a way to use it to escape Dwayne and her father without destroying herself. This young adult paranormal romance novel will appeal to readers, teens, and all readers who enjoy romance, mysteries, and fantasy.

ber den Autor und weitere Mitwirkende Kimberly Loth can't decide where she wants to settle down. She's lived in Michigan, Illinois, Missouri, Utah, California, Oregon, and South Carolina. She finally decided to make the leap and leave the U.S. behind for a few years. Currently, she lives in Cairo, Egypt with her husband and two kids. She is a high school math teacher by day (please don't hold that against her) and YA author by night. She loves romantic movies, chocolate, roses, and crazy adventures. Kissed is her first novel.
