**Von A.M. Hargrove : Kissing Fire (Edge Series Book 3) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Kissing Fire (Edge Series Book 3) (English Edition):

Loved ItVon Fiona HuntI've had this book for since October and I'm glad I read it straight after Shattered Edge. It's bought the whole series to a close now.I have loved Preston and Avery characters. the way they interact with each other. Preston Mitchell is a DEA Agent, he is about to bring down a drug cartel when he meets Avery Middleton. He is so

smitten with her. She on the other hand is smitten to pieces with him and all hell breaks loose as they start a relationship. I loved all 3 books in the Edge series and I am sorry to say goodbye to the characters. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Schrecklich! Von guddider schreibstil war so schlecht, da ich nach ca. zwanzig seiten abgebrochen habe. es las sich als hte eine fnfzehnjhrige ihre unausgegorenen fantasien zu papier gebracht. sorry...vielleicht gefllt es anderen.

**Kurzbeschreibung** Preston Mitchell has many secrets. As an undercover DEA agent, hes lived a life of danger and obscurity. A relationship was never a consideration...until the lovely Avery Middleton stumbles into his life. To the outsider, Avery has it all...wealth, family, connections and a great job. But on the inside, shes miserable. With a selfish mother driving her to the brink of insanity, a kooky neighbor that has zany plans for her to become a sumo wrestler, and a social life thats in the toilet, Avery decides her only salvation is to get the hell out of town and start a new life. So she moves across the country and right into the path of hot and sexy, Preston. Unfortunately, Avery ends up being in the wrong place at the wrong time and is now running for her life. Preston is determined to protect her but she suddenly finds herself irresistibly captivated by him. Theres only one problem. Prestons covert missions have created a load of mental baggage resulting in an impenetrable wall around him that no one can break through. But Avery rocks Prestons world because she is nothing like anyone hes ever met and something extraordinary begins to develop between them. Can their love survive in this world, where danger, intrigue and deception lurk on every corner? This is a contemporary romance novel with mature content that is not suitable for younger readers. **Kissing Fire** is a stand alone novel and is the 3rd installment of the Edge Series. **Kurzbeschreibung** Preston Mitchell has many secrets. M. Hargrove, realized her life was on fast forward and if she didn't do something soon, it would quickly be too late to write that work of fiction she had been dreaming of her whole life. So, she rolled down the passenger window of her fabulous (not) company car and tossed out her leather briefcase. Luckily, the pedestrian in the direct line of fire was a dodgeball pro and had ber quick reflexes enabling him to avoid getting bashed in the head. Feeling a tad guilty about the near miss, A. M. made a speedy turn down a deserted side street before tossing her crummy, outdated piece-of-you-know-what lap top out the window. She breathed a liberating sigh of relief, picked up her cell phone and hit #4 on her speed dial. Boss: Hello A.M.: Boss, is that you? Boss: Why yes, A. M., who else would be answering my phone? A.M.: Er... right. Well, I'm calling to let you know you can pick up my luxury Ford Focus at Starbucks near the interstate. Boss: Why ever would I want to do that? A.M.: Because I quit! A.M. hit the end button and speed dialed her husband. A.M.: Hi hubs, can you pick me up at Starbucks? Hubs: Sure... Having some car trouble? A.M.: Not at all. I don't have a car to have trouble with because I just quit my job. Hubs: WHAT?! A.M.: It's time for a new career and I am going to be a very famous novelist. So began A. M. Hargrove's career as a YA/NA and Adult Romance writer! Her books include **Kissing Fire**, **Edge of Disaster**, **Shattered Edge**, the series **the Guardians of Vesturon** (**Survival**, **Resurrection**, **Determinant**, **Beginnings** and the upcoming **reEmergent**) and **Dark Waltz**.
