Von Dara Joy : Knight of a Trillion Stars (Matrix of Destiny Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Knight of a Trillion Stars (Matrix of Destiny Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Hmmm.....Von Ein KundeRecently having read "Mine to Take", I made to effort to obtain all of Dara Joys' books. And succeeded. I did enjoy the "Knights.." however it seems for all the wrong reasons. I did not find it funny for the reasons given in peoples reviews, The clay pot episode and the microwave scene was embarassing not funny, but what

Joy did do well for me was make alien worlds which were not a strain to image. I have read sci-fi for years and many sci-fi authors can't manage to do so. Lorgin is a very sexy main character but in real life I think I would hit him over the head for his comments like "...it is not for you to know.." and not explaining procedures. The book was enjoyable and easy to read and I have reread it and intend to do so in the future. The female lead however is disappointing, no real curiosity, no real questions, no real common sense and she doesn't seem to get better. The only time Deanne seemed real to me was during her labour, and that I believe was in another book. In contrast all the male characters are well developed and in some cases damned interesting. Either way take the book in the spirit it was written and you will have a entertaining read.1 von 1 Kunden fanden die folgende Rezension hilfreich. Lorgin is.....WowVon J COFFMANI wished I had a bad day like Deana had and found Lorgin at the end of it. This man is everything a woman looks for in a lover. Passionate doesn't cover it. The sex scene's are electrifying. They will make you sizzle when you read them.This book is the first of this type and it magnificent. I loved the way Dara develops the characters and the storyline, feeding you bits of the plot at a time. Rejar, Lorgin's brother is just as sexy, but in a different sort of way. He is purrrrfect. His story is next in the series (REJAR). I loved Yaniff. He's a very crafty old man, who pops up when you least expect him and not where you expect to see him to. Finally Traed. Please Dara write is story next. I have the first 3 books in the series (KNIGHT, REJAR and MINE TO TAKE) and his is not one of them. I'm just about to start Rejar's story and i'm sure this will be just as sizzling as KNIGHT, if not better.1 von 1 Kunden fanden die folgende Rezension hilfreich. Not much plot, no character development, predictableVon Ein KundeIt was the reviews here that encouraged me to buy this book and man oh man, but was I disappointed. I skimmed most of it after I discovered the characters to be one-dimensional and the story lame and predictable. If you get off on sex scenes, however, this is the kind of book for you. Also, bit of wit is displayed now and then, but this can't sustain committed reading. I'm not a big romance fan generally, however, right after this I read Kurland's, "This is All I Ask" which is I thought was very well-written and touching. All I can say is, "Beware reader reviews -- particularly romance reviews -- for I believe the publishers are writing most of them (I've found this problem with other books here as well)."

Kurzbeschreibung**Don't miss the award-winning REJAR at a special price \$4.99 (reg. 7.99) [amzn.to/1hpTgpz](https://www.amazon.com/dp/B000000000)And the award-winning sequel MINE TO TAKE at a Special price \$4.99 (reg. 7.99) [amzn.to/1lrkwV1](https://www.amazon.com/dp/B000000000)
