Stephanie JordanOMG I swear from the first page I was sitting on the edge of my seat and believe me I was that way through the whole book.Jordan was the boss at Coyote Bar, she was 21 years old and her sister, Sonja was 20 years old who also worked there. The Alpha Lennox Warren owned the bar let alone he took care of the girls too, no one would mess with them if they valued their life. Jordan and Sonja were close and basically shared everything, Jordan kept having nightmare or visions she didn't know what they meant, they all were of two pure white wolves and two black panthers playing. Then there was blood everywhere and she was screaming Alpha Papa, Alpha Mama what did all this mean? There are a lot of unanswered questions that need to be answered. Why the secrets?Jude Warren was the oldest twin of Alpha Lennox who disappeared when he was thirteen coming back when his father called him to come back, his twin brother was murdered. His father's reasoning behind him coming back, was that he wanted there bloodline mixed with Jordan's bloodlines, he wanted them to mate as his brother was to mate Jordan now it fell into his hands to follow through. Jude went to the bar to have a drink and check out Jordan who didn't know her mate who died had a twin. Jude would do whatever the Alpha his dad told him to do. Jordan knew something wasn't right but what was it? I was gifted this ARC for an honest and truthful review. PLEASE, PLEASE have book two soon....
