Von Em Taylor : Lady Harriet's Unusual Reward (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lady Harriet's Unusual Reward (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. EntertainingVon Kindle JunkieThe storyline is accurately told by the synopsis. Em Taylor has again written a very entertaining story full of humorous dialog and situations. I truly loved this! I read the story twice within a month.0 von

0 Kunden fanden die folgende Rezension hilfreich. Kein Muss, aber ganz nett Von Bcherliebe Es spielt 1821 in England. Lady Harriet ist berfordert mit dem Verhalten ihres geistig zurckgebliebenen Bruders William Earl of Oldbeck. Denn dieser neigt in der ffentlichkeit zu schamlosem Benehmen ohne, dass er es selber bemerken wrde. Seit kurzem hat William sich in die Kchenmaid verliebt und lebt sein zgelloses Verlangen sichtbar vor den Angestellten aus. Ich wei nicht so genau, ob ich diesen Teil der Geschichte als lustig oder peinlich einordnen soll. Fremdschmen wre auch ein passendes Wort dafr. Weil Harriet keine weiteren mnlichen Verwandten hat, die ihren Bruder in die rechte Spur bringen knnten, entsinnt sie sich der versprochenen Belohnung von Lord Stephen Charville fr die Rettung seiner kleinen Tochter. Also fragt Harriet ihn, ob er sie heiraten knnte, damit sie Hilfe von einem Mann hat. Doch Stephen hatte bisher kein Interesse an einer erneuten Heirat. Es geht zwischen den beiden noch ein bichen hin und her ... und letztendlich wei man ja als aufmerksamer Leser schon, wohin die Reise fhren wird. Hier hat es an emotionaler Spannung gefehlt. Positiv fand ich, dass Stephen keine Mtresse hatte, wie sonst in Regencys blich. Harriet dagegen war, wie blich, noch Jungfrau und mit entsprechenden Unsicherheiten behaftet. Leider erfhrt man das Alter der Protagonisten nicht. Im Ganzen gesehen war mir die Substanz dieser kurzen Story ein bichen mager, aber ber einen "imbecilen" Earl liest man auch nicht alle Tage. Darum gebe ich dreieinhalb Sterne.

Kurzbeschreibung Lady Harriet Weatherby is at the end of her tether. Her brother, the Earl of Oldbeck is running amok. That would not normally be her problem, but the ton consider the earl to be an imbecile. Since her father died, he has had no one to guide him and he will no longer listen to Harriet. And now that Mary the kitchen maid is carrying his child, Harriet sees no other option but to marry. And there is only one man for the job. Two years ago Lord Stephen Charville, a widower and second son of a duke, promised Lady Harriet that he would do her any favour she asked him as thanks for saving his daughters life when she nearly drowned. He did not expect her to turn up at his townhouse and ask him to marry her and set an example to her brother. There is nothing wrong with Lady Harriet and hes not averse to helping out her brother, he just has no inclinations to marry again. And for the record, hes no tragic hero, pining away for his lost love. The problem is that Harriet begins to burrow her way into his affections. When Lord Stephen offers without marriage to help the earl to learn the ways of the world, Harriet is still determined that the only way to do the job properly is for them to marry but she agrees to do it Lord Stephens way. No one is more surprised than Harriet when she begins to have feelings for the dissolute second son or when he begins to ignite passions in her shed never dreamed existed, all the while trying to keep her errant brother out of trouble and way from scandal. This book contains scenes of an adult nature
