Summers End Von Ein Kunde This book was about a woman who never sees her husband because he's always away on business. Deanna is a really good painter, but her husband insists she paint for fun, that she didn't need a career and one in painting was for second rate people. At the beginning of summer Deanna meets an art dealer who thinks her paintings are wonderful and wants to sell them in art galleries. In the meantime they fall in love ... and make a promise that the relationship will be over at summer's end. Deanna feels guilty at first, but the more they are together, she forgets about her husband... and the more they begin to wish the summer will never end. Later Deanna finds out that her husband has been having an affair for years. I left out a considerable amount of the book. This book has tragedy, love, lies, deceit and much, much more. I would definitely recommend this book! 0 von 0 Kunden fanden die folgende Rezension hilfreich. THE BEST BOOK DANIELLE STEEL HAS EVER WRITTEN!!!! Von Ein Kunde I read this book overnight!! I can not say enough great things about it. The reader experiences every emotion these characters go through. I found myself crying when a devastating event takes place in Marc-Edouard and Deanna's lives. Most of my friends have read this book and absolutely raved about how wonderful it was. This is a good one to curl up in front of the fireplace with and spend an evening reading. Kudos to Danielle for writing such a fabulous novel. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Ho bir oyku ... Nice story for the people who.. Von Ein Kunde Özellikle monoton bir yaşamın içinde heyecan yaşamayı unutan kişilere hayatın içinde her zaman hoş sürprizlerin olabileceği müjdesini veren hoş bir oyku.. Yaz tatilinizde seyahat etme şansınız olursa, deniz kenarında okunacak zevkli kitap diyebilirim.. This is a very nice story especially for the people who have lost confidence to meet with a nice surprise in a monotonous life.. If you have a chance to have a trip get it and read it on the beach!

Kurzbeschreibung Deanna was eighteen when she married a handsome Frenchman, attorney Marc-Edouard Duras. Now, at thirty-seven, she should be happy with Marc, her elegant home in San Francisco, and their teenage daughter, Pilar. But one summer changes it all when she realizes her failing marriage is a trap she must escape. From the Paperback edition.. de When events conspire to irrevocably alter Deanna Duras's comfortable but empty life, Pandora's box can never again be closed. Over the course of a single summer, Deanna discovers her husband is cheating on her, begins a successful painting career, loses her 16-year-old daughter Pilar in a tragic motorcycle accident, and meets the love of her life, Ben Thompson--a highly respected art dealer who plans and executes a phenomenally profitable show for her. Only a creation of Danielle Steel's can accomplish so much in such a short time (as the rest of the world watches reruns on television!). Matters are complicated further when Deanna discovers she is pregnant; is the baby her husband's or her lover's? At summer's end, Deanna will have to decide between returning to her old life or following her heart. --Alison Trinkle.com When events conspire to irrevocably alter Deanna Duras's comfortable but empty life, Pandora's box can never again be closed.
