Suzanne Frank is a captivating storyweaverVon Renee J.Suzanne Frank's imaginative and compelling story whisks us away again into ancient Egypt and Israel. Her attention to detail, her sense of the mystery of life, and her captivating ability to tell a story will entertain, enlighten, and fascinate you for hours. This installment in the Chloe-Cheftu story is similar in style to Suzanne Frank's first novel, Reflections in the Nile. Shadows on the Aegean, her second installment,

was broader in scope, but this one brings the focus back to Chloe and Cheftu. The multi-faceted characters will remain in your memory. Ms. Frank was a delightful guest on Books in Review. She's intelligent, earnest, and open. She obviously does extensive research and yet makes it all into a spellbinding journey. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Judaism 101 Von Sandra Kawata I couldn't wait for the 3rd installment of Suzanne Franks' series based on time travel and our heroine, Chloe Kingsley. Ms. Franks' wit is up to par with the other two books. I realized that I was trying to remember my bible and comparing the story of David with what I had read. I am glad that this time, Chloe and Cheftu had a more "normal" married life together. But I do want them to go on other adventures together in other time periods. How about the French Revolution? The possibilities are endless, as I am sure Ms Frank realizes what an audience she has captured. Please...may we have more? 0 von 0 Kunden fanden die folgende Rezension hilfreich. Great fantasy time travel Von Ein Kunde When Dallas resident Chloe Kingsley stepped through the time portal in 1996, all she wanted was to find her missing spouse Cheftu and understand the language of the era. Chloe soon realizes that she landed (loosely put) in the Mediterranean when she is rescued by Philistines who, believing she must be a tail-less mermaid, take her to a temple in Gaza. Meanwhile, Cheftu is also in the same time period, but happens to be in Egypt where he finds himself in trouble by disrespecting the Sun God. However, circumstances and needs soon allow Cheftu to join Chloe as both become vassals to the Hebrew King David. Cheftu finds lost gold while Chloe helps with military strategy. The Hebrews must contend with the evil RaEm, who gained knowledge of the twentieth century when she occupied Chloe's body for two years. Only with Chloe and Cheftu and the powerful Ark of the Covenant does David have any hope to defeat his foe. SUNRISE ON THE MEDITERRANEAN, the latest Chloe-Cheftu ancient historical saga, is an intelligent mixing of biblical characters with modern day time travelers. The action-packed and picturesque story line makes the lands along the Mediterranean seem as if they exist so we can see them for ourselves. The characters appear genuine including those written about in the Old Testament. Awesome Suzanne Frank has written a classic novel that along with its' predecessors (REFLECTION IN THE NILE and SHADOWS ON THE AEGEAN) that fans will enjoy for years to come. Harriet Klausner

Kurzbeschreibung Time-traveller Chloe Kingsley wakes up in the Mediterranean, dressed in 1990s party clothes. Mistaken for a mermaid goddess, Chloe soon realises she is in biblical Canaan. She and Cheftu are reunited, only to become vassals to David, the Israelite king. From Booklist In a delightful twist on biblical history, Chloe Kingsley, a 1990s Texan, is wrested from the arms of her husband in ancient Egypt and thrust through time to emerge in the sea. Not since Jean Auel's Ayla has there been a heroine as resourceful as Chloe. She survives a deadly ritual as a mermaid goddess, saves a few of the Pelesti (Philistines) from total annihilation, becomes a slave, and provides the means for David and his tribesmen to take Jerusalem, thus winning her freedom. Meanwhile, her beloved husband, Cheftu, formerly a physician, shows up and becomes David's scribe. Then RaEm, Chloe's nemesis and a time traveler with a yen to be pharaoh, emerges to manipulate and murder her way onto the throne as coregent before traveling to Jerusalem in an attempt to steal the treasure of the Chosen Ones. Fast-paced and wildly entertaining, this third book in the series stands alone but makes the reader want to hunt down Reflections in the Nile (1997) and Shadows on the Aegean (1998). Diana Tixier Herald From Library Journal Fans and newcomers alike should enjoy this third book in Frank's series about time-traveling lovers Chloe and Cheftu. This time around, they are literally dumped in the Mediterranean during the reign of King David. Wisecracking Chloe finds herself considered a goddess by the Pelesti but is soon enslaved by the Israelites. She is forced to help David conquer Jerusalem, while Cheftu reverently chronicles key biblical events. Old enemies resurface, including the manipulative RaEm, who will do anything to gain power and wealth. Chloe and Cheftu must stop her from destroying the community they have come to believe in. Frank effectively uses her knowledge of the Old Testament in her re-creation of ancient Israel. Definitely less campy than previous volumes; recommended for most public libraries.
