**Von Robert Crais : Sunset Express (Cole and Pike)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Sunset Express (Cole and Pike):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. A good read but not his bestVon Ein KundeI've read all six of Crais' Elvis Cole novels starting with The Monkey's Raincoat. With but one other exception, I rate the rest of Crais' novels as 5 star reads (the other exception being Stalking The Angel, I dislike story lines where the hero is constantly being put in danger because of some fool). Sunset Express

came close in the number and quality of great wisecracks but the denouement was somewhat unsatisfying (again probably because I was comparing it to his 5 star works). Elvis and Pike are the most intriguing detective characters I know of and I look forward to reading the next Crais effort. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Very readable Von TKr Crais makes it clear by all sorts of allusions that he is in the tradition of Raymond Chandler. However, his plot is clear and understandable, very well written, good subplot and the wisecracks are not over the top which is something I find a bit tiresome in Robert B. Parker. Crais also manages to create an interesting character without falling into the trap of giving too much space to the private life of his protagonist. At the end of the day it's one of the few fresh and modern private detective novels. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Don't let this one get away Von Ein Kunde I give this book a ten. After reading all of Robert Crais' books this is the best so far. The characters certainly more developed and the story more detailed. I had the chance to meet Robert Crais in San Francisco and was able to tell him how much I love his books. I pick it up and I can't put it down. I am glad to see Elvis get his girl! His writing makes me feel like I can see everything as it happens, real and alive!

Kurzbeschreibung Elvis Cole is caught up in a high-profile murder case - and between the cops and the lawyers, it's going to be a rough ride... On his own turf in L.A., PI Elvis Cole is embroiled in a controversial, high-profile murder case. A wealthy restaurateur is accused of murdering his wife, and his hot-shot defence lawyer hires Cole to find proof that the detective on the case, Angela Rossi, fooled around with the evidence. Yet as Elvis investigates Rossi for the defence team, he begins to be more suspicious of the media-loving lawyers than the cops. And as the investigation continues, Cole is drawn deeper and deeper into the intrigue and dangers surrounding the case of the missing woman. Pressestimmen [Robert Crais] should be mentioned in the same breath as Robert B. Parker, Tony Hillerman, Sue Grafton, and James Lee Burke. Houston Chronicle After Chandler we had James M. Cain, and after Cain there was Ross MacDonal, and currently we have Robert Crais. Los Angeles Times Book Hip, funny and thought-provoking. Booklist A PUBLISHERS WEEKLY BEST BOOK OF THE YEAR Werbetext Elvis Cole is caught up in a high-profile murder case - and between the cops and the lawyers, it's going to be a rough ride...
