Now I understand why this author is so popular among my GR friends.Though if I had to judge this book on its 1 person POV narrator, Reverend Brian Lucas, it would be difficult for me to rate it. Reverend Brian Lucas is not an easy person to be fond of. Not for me anyway. But luckily I

stopped long ago to judge a book on the fact how likable I found the characters in it. Otherwise my favorite books were a boring idyllic conflict-free stories with unreal exemplary MCs who never do mistake and meet always the right decision. Awful, isn't it? A small community of a tiny provincial town Nine Miles, where everyone knows each other, is profoundly shocked by the brutal murder of an old lady, a member of the local Methodist Church, where Brian has the post of a Methodist minister two years ago. Though it is not just cruelty of the crime that spreads fear among the inhabitants of Nine Miles, but a message with an announcement of further killing that has been left by the murderer at the victims home. Brian's brother Boyd, the County Sheriff, believes that it wasn't a bad joke and that it's just a matter of time, when the next murder happens. And he is right. The next victim is also an old woman and a member of Brian's congregation, and this time the murderer is even more cruel than the first time. But WHY? And WHO? Even if there are more than two dead bodies at the end and a series killer that has to track down, I don't see this book as an unconditional mystery. Because the main focus isn't set on hunting the killer. A mystery part is rather a subplot for me even if many readers maybe won't agree with me here. A mystery, killings are just tools to learn the characters and their surroundings, to try to understand their decisions. Sunset Lake is a BOOK OF DECISIONS. Decisions that were met in the past and that have to be met in the future. The right ones, the bad ones, the ones, that will leave you thinking and asking and wondering whether they could be considered as rights or bad ones. It is about to find a courage to MAKE a right(?) decision that will radically change your/someone's life, and even more. John Inman tells his story of DECISIONS quietly but powerfully. His writing is beautiful and yet he remains fully grounded in his writing style. Sunset Lake won't let you go even days after you finish

it.-----Audio books are a bit tricky. A very good narrator can turn an average book into a jewel, and a bad narrator can ruin a good written book. I enjoyed the narrating of Randal Schaffer. My only complaining that luckily wasn't that IMPORTANT for this story, but that could have been a big disadvantage with another kind of story he doesn't sound like a twenty-eight-year old guy (the age of Brain, our first person POV teller), but much older. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Another unique story of a very talented writer Von Sunne John Inman has the gift to create atmosphere, emotions and pictures in my head. I've wished for him to write another crime story since I've read A Hard Winter Rain and finally he did it. I'm still searching for words. This is such a well-drawn story, with love in every detail, with such an elaborate set-up. A gay minister is solving a series of murders, more or less unwillingly, just because he pays attention to what happens in his surroundings and of course because his brother is the sheriff. All the while he is balancing being not out and the love for his best friend, surrounded by well-drawn second characters. The whole story flows like the summer at the lake, a bit lazy but with an undercurrent. It is proof that well-written crime doesn't have to keep you on your toes all the time. And the end, oh my, I hadn't seen that coming. That was so well done. Sometimes things are not clear, sometimes they are not easy. Thank you, John, for another exceptional story.

Kurzbeschreibung Reverend Brian Lucas has a secret his congregation in the Nine Mile Methodist Church knows nothing about, and he'd really like to keep it that way. But even his earth-shattering secret takes a backseat to what else is happening in his tiny hometown. Murders usually do that. Brian's close friend, Sam, is urging a resolution to their little problem, but Brian's brother, Boyd, the County Sheriff, is more caught up in chasing down a homicidal maniac who is slaughtering little old ladies. When Brian's secret and Boyd's mystery run into each other head on, and Boyd's fifteen-year-old son, Jesse, gets involved, all hell breaks loose. Then a fourth death comes to terrify the town, and it is Brian who begins to see what is taking place in their little corner of the Corn Belt. But even for a Methodist minister, it will take more than prayer to set it right.
