**Von Nell Harding : Sunsets at Simba Hill (Harding's World of Romance Book 6) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Sunsets at Simba Hill (Harding's World of Romance Book 6) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Hot stuffVon VladimirPretty steamy, for Nell Harding. This one definitely has the most classically sexy hero of all of her

books. I really liked the exotic setting, too. She always has great settings. If you're into lions, safaris and sleeping in huts, or not sleeping as the case may be, you'll enjoy this book. I'd say it's not the best of her plots, but if you're a Harding fan like me and have read all her other ones, it's still a good read and completes the collection. Thanks Nell.
