Gunner 4 Ever! Von Emma I read this after the Elsker series so it was great to have just another piece of that world in this novella, especially getting back to Inga and Gunner. It was so great to step into seeing how Inga grew up a little, she is such a great character, so easy going but has been through a lot in her life and finding out more of her back story was great and fitted perfectly in place. It was great also to see more Gunner, #GunnerisFunner he is such a sweet character how so deeply cares for Inga, and its great to see them on their own and watch as their relationship grows. But what was even better was to be introduced to some of the characters from the upcoming Perfekt Order series Brynn and Hendrik, Gunners Brother. Its cool that you see how different the 2 brothers are were Gunner went the Assassin way and this molded him into what he is today but makes him perfekt to handle stong willed Inga and then Hendrik is magical but still has that badass side. They share this sarcastic attitude which made me wish there was more to this. I fell in love with these characters and so happy to see more into this world0 von 0 Kunden fanden die folgende Rezension hilfreich. Spin Off der Elster Saga - nicht besonders erhellend Von Swakapo In dieser kurzen Erzhlung geht es um Inga und Gunnar und ein Kurzabenteuer der beiden. Es ist nicht Fisch und Fleisch, weil eigentlich die beiden Figuren auch nicht vertiefend erklrt werden, auer dass auch sie eine Liebe verbindet, die durch nichts zu erschtttern ist. Zu Beginn wird erzht, dass Ingas Mutter durch den Eisprinzen aus Jotunheimen gettet wurde und Inga schwrt, ihre Mutter zu rchen. Da ist sie ein Teenager. Aber bereits mit Ull und Gunnar eng befreundet. Es wird angedeutet, dass sie Gunnar bereits liebt. 6 Menschenjahre spter sind die beiden verheiratet und werden mit dem Prinzen erneut konfrontiert. Es liest sich etwas wie eine Inhaltsangabe, in der aber kein Handlungsstrang wirklich vertieft wird. Nicht ganz verstanden habe ich die Zeitrechnung. 6 Menschenjahre sind eben sechs Menschenjahre. Demnach wren Inga und Co. 22/23 Jahre alt. Am Ende der Geschichte wird auf Ull in Wales angespielt sowie auf das drohende Ragnarok. Laut diesen Sagas sind Ull und Co. aber viel, viel lter. Irgendwie passt das nicht so richtig zusammen. Drei Sterne mit Tendenz zu zwei Sternen.

Kurzbeschreibung Inga Andersson just cant catch a break. Shes supposed to be enjoying a ski week in beautiful re, Sweden, with her immortal-assassin-husband. Instead, she and Gunnar are trapped inside a bizarre scavenger hunt, unraveling an incomprehensible riddle at the bequest of a mysterious being. And if Inga and Gunnar dont decipher the puzzle and deliver a mythological relic to a New Orleans graveyard within three days, theyll be ejected from the Norse pantheon, stripped of their immortality, and cast as the solitary line of defense against the onslaught of frost giants and Helbeasts ready to bring about Midgards fall. What started as a party game has become a lethal challenge with irreparable consequences, not only for Inga, but for the god she loves . . . and the realm she adores. Let the hunt begin.
