KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Brilliant readVon Philomena(Cheekypee)What a fantastic story this was.345 pages of everything I love in a story. Lots of hot

sexy men gorgeous females mixed with a rock band made me think this book was kinda like other books I read... But I was so so wrong. This had so much more thrown in by this brilliant author. So much was going on in this book yet the author made it so easy to follow. I was glued to this book from start to finish. I've only got one complaint that's the ending... I certainly didn't expect the cliff hanger that the author left me with. Having said that I highly recommend this book. Received in return for an honest review.

Kurzbeschreibung Ravenel Hayes is a perfect daughter, a loving sister, a loyal friend, and an excellent student. Returning home to complete her MBA and be closer to her family, she has her future all mapped out. That is until her path leads her straight into Declan Collins. The dark haired, tattooed singer with a sinful body is a distraction, one that's way out of her league. He wasn't part of her plan. But now that he's literally knocking on her door, how can she avoid him? Declan Collins lives life to the edge. His only emotional attachments are to his family and his band. He's your typical bad-boy, lead singer who lives with no regrets. Hook-up and head-out is his motto. His ultimate goal is to take his band all the way to the top, or so it was. When he runs into Raven, she stirs up emotions in him that he had never thought possible. From their very first meeting, there's no denying the chemistry between them. He's not a relationship guy, but can she change his playboy ways? Jealousy, anger, stalkers, and fame and fortune threaten to tear these two apart. Will surrendering to their love get them through the challenges that await them? Or will it tear them apart? \*Due to graphic language and explicit sexual situations, this book is recommended for readers 18+.
