I have found my favorite book in this awesome series, for sure!! Torrin is a peacekeeper being undercover for the peacekeepers. But living with the Outlaw MC he is shown what life really means in this times. How the government treats innocent people and declares women have no rights and black people

haven't any worth but being slaves, keeps him struggling more and more. Falling for one of the meanest and biggest bada\$\$es within the MC isn't helping him either. Instead he learns there is more in this cruel world and that someone has to try to change the world for the better. Being and falling for Mayhem, who tried to avoid being in a relationship so far until he laid eyes on handsome Torrin, surprises him, too. He wants to be better, if not for himself alone, but for Mayhem and the new home the Outlaw MC has become for him. But will they still trust him and keep him alive? To see the whole war between the government and the MC's through the eyes of a peacekeeper is awesome. While having nearly always the side of a rebel and fighter against the government we now have a wholly new point of view with cute Torrin. And I loved it. To see him struggle and trying to find his own way....and Mayhem being at his side. They're so sexy and hot together, I nearly could hear Mayhem grunt myself when he "answered" Torrin. And then the war begins....that got me thrilled and left me biting my nails in excitement. The fighting scenes are amazing and left me speechless. Torrin fighting side by side with Taje and Beau, well, awesome!! How will the war turn out? Will there be changes? Will the MC's survive and end the cruelty? I so can't wait to read on!! James, I love this series, keep it coming!!

Kurzbeschreibung What if bad guys ruled the world and the good guys were the outlaws? This time the MCs are taking the war to the surface of Mars. No more shadows. No more hiding. The old lawshomosexuality is a death sentence, women are for breeding, and dark skinned-men are slaves are going to be broken. But the Outlaw MC has a rat among them...Torrin is a prospect. He didn't have a big problem with the way Mars worked but that's because he's not just a prospective member. Torrin is also an undercover peacekeeper. His beliefs are thrown upside down because of one man, Mayhem. The Sergeant at Arms and explosive expert managed to break Torrin. Now, this formerly straight peacekeeper has to deal with the attraction sizzling between them and tell the club about his lies. The truth can hurt but for Torrin it may just get him killed. And while Torrin sorts out his new feelings for loving another man, the club plans to take this war to the next step. Cup your junk, things are about to get explosive.
