**Von Kristen Ashley : Sweet Dreams (Colorado Mountain Series Book 2) (English Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sweet Dreams (Colorado Mountain Series Book 2) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. Die Geschichte ist gut ... Von Merle Sehr einfühlsame Liebesgeschichte im Biker-Milieu. Nachdem die 42-jährige Laurie von ihrem Ehemann während der Hälfte ihrer Ehe mit ihrer besten Freundin betrogen worden ist und ihr gesamtes oberflächliches Umfeld dabei zugesehen hat, flchtet sie und begibt sich auf die Suche nach sich selbst. In einem Biker-Kaff in Colorado findet sie die einfachen, aber herzlichen Leute, bei denen sie genesen kann. Sie wird Serviertochter

und verliebt sich in einen einfachen, aber sehr komplizierten Mann mit belastendem Hintergrund. Die Geschichte ist gut und hat mir gefallen, gewürzt wird sie mit einem unheimlichen Serienmörder, und sie endet mit einem Knall. Einzig die Charaktere sind etwas klischeehaft - die berauschte gute Seele, die allem und jedem helfen will und kann, der rauhe Kerl mit der weichen Schale, und dann natürlich die passende einfache Sprache mit den Stereotypen. Der Mittelteil zieht sich in die Länge, wird aber durch das rasante Ende wieder aufgewogen. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Sweet Dreams indeed! Von \_yay\_ @ Book that Thing Kindle Edition, published April 23rd, 2011 Digital Services

How do you get over a particularly \*\*\*\*\* divorce? You pack up your things and embark on a trip to places unknown. That's exactly what Lauren Grahame did, and now she's ended up in a biker bar in Carnal. When Mr. Hot and Bothered realizes Lauren has landed herself a waitressing job in the very bar he co-owns... he's still hot, but more so bothered. He doesn't want her here. Period. Tatum Jackson always gets his way. It takes time, the whole town, and a serial killer on the loose to bring these two stubborn souls together; to give them a second chance at love. No one deserves it more. Nope, it really doesn't happen all too often; stumbling across an affordable (we're talking less than 4\$) 500+ contemporary romance that had me extremely excited for what's to come by just having read the blurb. Biker bar? Bad boy? I'm in! Never would I have guessed the author to make it on my all-time favorite auto-buy list. It was on the spur of the moment "splurge". Couldn't help it. Kristen Ashley \*\*\*\*\* rocks! Her writing is so unique, I don't think I've read anything like her work before. It might not be for everyone, but it definitely floats my boat. Pish posh - it guns my engine! Sweet Dreams is book #2 in the Colorado Mountain series. It was my first Kristen Ashley book, though. I adored every page of it. She takes the terms bad boy / alpha male to a whole new level - make that stratosphere! Laurie and Tate are the centerpiece, so to speak. However, that doesn't mean the story evolved exclusively around them. Ashley created a community. You'll get to know a lot of people. It felt right, for each and every one of them added something essential to the story; something that made the main characters' journey even more interesting. A trusted friend, the \*\*\*\*\* coworker - support system versus obstacles to overcome. The characters (main and secondary) possessed a frighteningly amount of "real". Not just depth-wise; setting and characters had a symbiotic hanky-panky going on. Rich! That's the word... the story was rich. More than anything else I appreciated how character-driven this novel turned out to be. Pah, turned out to be? Understatement of the year. I noticed it only a couple of pages in. Please don't shy away from Sweet Dreams because of its length. I was so glad to be able to dive right in and also take the time to get comfortable in this world. The result: I didn't want it to end. As in ever! Various plot lines were in play. In the end, they all got wrapped up nice and tight. A more than satisfying conclusion. It was a must and the author delivered on all accounts. Kudos to Ashley for not being afraid of complexity. Even more kudos to Ashley for realizing that the more dimensions a plot has / directions a story takes the clearer and more straightforward the ending should be. It was all that. Laurie. A woman with a past. A life that stopped existing the moment her bubble burst. Divorce. There are really no words to adequately express my feelings towards her. The hero being a domineering hunk; the heroine had to have some backbone. It's not an easy task to maintain the balance between a woman doubting herself - having been dealt a \*\*\*\*\* hand in life - and her being able to hold her own against a domineering hunk mentioned above. There's a difference between dealing with such a man, giving in at times, compromise... and letting him walk all over you (thankfully, this didn't happen - at least not in a negative sense). Laurie was, despite her fragile emotional state, one awesome sauce heroine. Honest, refreshingly smart, sometimes over the top, serious about the things important to her, a good friend. Basically, someone you want in your life. Of course she was overwhelmed by the enigma that's Tatum Jackson (grrrrr, but yummmmm - tate-tastic). He had secrets. He was unpredictable at first. A force of nature! Such a \*\*\*\*\* - often, yet with a shoulder to lean on, strong, funny, caring. An enticing combination. I'd stock up on that -c-a-k-e- guy mix if I were you. Make no mistake, though, you will have to fight the urge to scream at him once in a while. I won't share anything else about Tate with you, for it's best to just... er... experience him. On that note, happy experiencing! Be sure to thank me later. Thinking back on what it took Lauren and Tatum; what they had to work through to reach a certain point (as an item), I hereby appoint them most favorite couple in a contemporary romance. You will go through every possible emotion reading this book. Love, hate, shock, fear, hope, happiness... And you'll go through it with them. I know that Ashley's stories happen in her head, "scene for scene". She has to sit down at her desk to get it all out. I believe her. You don't write or type such a fabulous tale. You let it take over! It let's you write it. 5 stars to Sweet Dreams by Kristen Ashley. Beware of Spoilers! A few of my favorite quotes for those of you who are interested: 'Then you shouldn't have thrown her away when she was your wife. Now she ain't. Now she's somethin' to me and I don't let men I don't like get close to her and I gotta tell you man, I do not like you.' 'Life happens and I move on,' she returned. 'Life just happened and I'm movin' on.' 'You buy me sheets. You paint my room. What's next? You gonna wash my balls?' 'God, if he wasn't so handsome, strong, sometimes sweet, didn't have a Harley, that beard, a tendency to play with my hair, didn't look so good in jeans and wasn't so dang good in bed, he would seriously not be worth it.' 0 von 0 Kunden fanden die folgende Rezension hilfreich. Any man has a hard time living up to Tate! Von Magritte

When I picked this book I didn't know much about it. I one-clicked it and started reading. After a while into the story, which was very well written, I wondered why I didn't come closer to the end. I thought that most authors would have rushed the book at this point and it would have ended. This one is 688 pages long and gives the reader the time to enjoy and fall in love with the characters. You start

living with them...This is the second part of the Colorado Mountain Series Book 2, I haven't read the first one, no problem there. The books stand alone and have no cliffhanger. This is the story of Lauren who has left her cheating husband (with her best friend, for 5 years) and Tate... yummi Tate, very Alpha, very hot and understanding and careful and protective Tate...I don't want to tell you about the story. I want you to read it and enjoy it. I want you to take the trip with them to spend some time living and trowing with them. They are the kind of couple I didn't mind when the book finished. I trusted them to be happy together. This is the kind of book "sweet dreams" it about. Enjoy the book  
MBTM

Kurzbeschreibung Lauren Grahame has spent her whole life thinking something special was going to happen. She didn't know what it was, she just knew it would one day be hers. But she learned the hard way that special wasn't on offer. So, after divorcing her cheating husband, Lauren searched for nothing special and she thought she found it when she landed a job as a waitress in a biker bar in Carnal. It was perfect: a nothing job in a nowhere bar in Nowheresville. Then Tatum Jackson walked in. Part-owner of the bar, he took one look at high-class Lauren and wanted nothing to do with her. And he made this known, loudly. Tate's angry insults seared in her brain, Lauren decides the feeling is mutual and she doesn't want anything to do with the gloriously handsome Tate Jackson. The clash of the bartender and barmaid begins but, even though Tate makes his change of mind clear (in biker-speak, a language Lauren is not fluent in), Lauren is intent on going her own way. Until a serial killer hits Carnal and Lauren finds out Tate isn't a bartender, he's a bounty hunter. He stakes his claim for Lauren before he goes on the hunt for a killer but Laurie doesn't speak biker nor does she understand bounty hunters and Tate comes back from the hunt to find his old lady has moved on. Life throws curveball after curveball at Laurie and Tate as secrets are revealed, women are brutally murdered, Tate leads Lauren to special and Laurie tries to find her inner biker babe. *Pressestimmen* "I adore Kristen Ashley's books!"--Maya Banks, New York Times bestselling author "Kristen Ashley's books are addicting!"--Jill Shalvis, New York Times bestselling author "[Kristen] Ashley captivates."--Publisher's Weekly "With Brock's raw side contrasted with Tess's innocence, "Wild Man "delivers a passionate, opposites-attract romance."-- Booklist "Patricia Smith" (01/01/2013) "There is something about them [Ashley's books] that I find crackalicious."-- DearAuthor.com "Kati Brown" (01/01/2012) "I felt all of the rushes, the adrenaline surges, the anger spikes... my heart pumping in fury. My eyes tearing up when her my heart (I mean... "her" heart) would break." (On Motorcycle Man)-- Maryse.net "Maryse's Book Blog" (01/01/2012) "Ashley delivers a deeply emotional second installment of the Chaos contemporary romance series (after Own the Wind)... Punctuated by blistering-hot sex scenes and fascinating glimpses into the tough world of motorcycle clubs, this romance also delivers true heart and emotion, and a story that will stay with the reader long after the final page is turned."-- Publishers Weekly, Starred , on Fire
